*As my long-time readers know, I have experienced much in my life at high levels of government, journalism, academia, and business. Yet I am stunned by the depth and breadth of the organized conspiracy working in behalf of the orchestrated “Covid pandemic.” Washington, shielded by a whore media, has long lied to us about everything — 9/11, weapons of mass destruction, Assad’s use of chemical weapons, Iranian nukes, Russian invasions, Osama bin Laden, Muammar Gaddafi, Russiagate, Trump insurrection. Currently lies are being used to damage Americans with a “vaccine” that is more dangerous than the virus.*

The extent of the propaganda in behalf of a “vaccine” that is known not to protect but to cause death and serious health impairments, and against known proven cures increasingly used world wide, is astounding. Even in the red state of Georgia, the Georgia Department of Public Health has pharmacies delivering prescriptions in bags with a smiling young woman saying in 2 inch high letters: COVID VACCINE. I SAID YES! SO I CAN STAY IN MY CLASSROOM.

Before we proceed, think about the message. In order to go to school she had to take the mRNA “vaccine” known to be especially dangerous to young people. In “free democratic America” school children are being coerced into accepting what has in our previous history been unacceptable risks. Never in history has a “vaccine” associated with even a tiny fraction of deaths as the mRNA vaccine been permitted to remain in use. Despite the known and proven danger of the mRNA vaccine to the young, the criminal organization known as Pfizer is putting pressure on its servants at FDA to approve the injection of 5-year olds with the deadly substance. The chances are high that every five-year old injected will be infertile. See [this](#).

What is the agenda that can reach down so far as to plant and control the message on prescription bags from pharmacies?

Obviously profit for Big Pharma. Obviously control over people and ability to dictate their

decisions by government. Obviously from what we are learning about the impact of the mRNA vaccine on human fertility, population control. To succeed in reducing the population, you have to kill off the young or make them infertile. Thus the drive to vaccinate 5-year old children.

There are no other explanations for the determined censoring of renowned experts and Nobel laureates who keep blowing the whistle and issuing warnings. There are no other explanations for hospitals refusing to report adverse reactions to the vaccine and refusing to save Covid patients lives by treating them with HCQ or Ivermectin. There are no other explanations for the medical establishment to pretend that variants are not the products of the vaccine itself.

Considering the fact that the mRNA “vaccine” was rushed into use without the necessary trials under an “emergency use authorization,” where is the credibility of the medical establishments’ claim that although HCQ and Ivermectin have a perfect safety record after 60 years of human use, no doctor should prescribe them because there are no trials determining their effectiveness on Covid?

In other words the position of the American Medical Establishment is that we can give you a life-threatening injection on an emergency basis without trials, but not a known cure increasingly used world wide safely and effectively to prevent and to cure Covid. See [this](#).

Over the course of my lifetime in the United States I have watched all moral values be replaced by the greed for, and pursuit of, money. Nevertheless, it is difficult to believe that Big Pharma, media, Biden, the American Medical Association, hospitals, pharmacists, school boards, governors, private employers would so willingly coerce Americans into accepting dangerous injections in order to keep their jobs, go to school, go out for an evening, and travel only for the purpose of enriching Pfizer, Moderna, and the rest.

There are now tens of thousands of doctors, nurses, medical professionals, and scientists who dissent from the Covid protocol being imposed on Western countries. Their voices are suppressed. Their jobs and medical licenses are threatened. Despite having all the facts on their side, they are denounced for “Covid disinformation.”

On October 8, 2021, I heard on NPR in behalf of vaccination, which the pharmaceutical companies themselves admit does not protect beyond 6 months (the protection declines daily), propaganda so blatant that it would have astonished Stalin, Mao, and Hitler. NPR intentionally withheld from the listening audience the proven established facts that the mRNA “vaccine” (1) is associated with a historic high rate of health injuries and deaths, (2) produces variants immune to the vaccine, thereby requiring endless boosters, and (3) shuts down and destroys your natural immunity leaving you dependent for life on Big Pharma.

Why did National Public radio withhold this known information and engage in purposefully deceiving its gullible audience? Possibly the weak minded NPR crowd are afraid to offend those who control the Covid narrative by being real journalists. NPR is accustomed to being mouthpieces for donors, and I suspect you can safely bet your life that Big Pharma, indirectly if not directly, has bought NPR’s reporting. Unfortunately, America has no investigative media to look into this question.

America is a place where lies are verified as truth by CNN, MSNBC, NPR, New York Times, Washington Post, Associated Press, and multitudes of Internet sites financed by the

Establishment that controls our opinions and renders us impotent by programming us with lies.

Many books, articles, and movies over the years predicted the triumph of secret agendas over gullible insouciant peoples to be humanity's fate.

I watch this happen every day. Are people, especially those in the West, too stupid and trusting to survive?
