February 21, 2022, the Canadian Parliament approved Prime Minister Justin Trudeau’s motion to invoke the Emergencies Act in response to the peaceful trucker protest against vaccine mandates

Under the Act, Canadian banks can seize the personal bank accounts of anyone suspected of participating in or supporting the protest, and these financial surveillance powers are intended to become permanent

February 14, 2022, Canadian finance minister Chrystia Freeland said the government was using the Emergencies Act to broaden Canada’s anti-money-laundering and terrorist financing rules to cover crowdfunding platforms and their payment service providers. The broadened surveillance power requires all digital transactions, including cryptocurrencies, to be reported to the Financial Transactions and Reports Analysis Center of Canada. (Fintrac)

What’s happening in Canada should be a sobering wakeup call for the whole world. Governments intend to control dissent through financial blackmail, which is why they’re also pushing for programmable central bank digital currencies (CBDCs)

Programmable currency is digital cash programmed to ensure it can only be spent on essentials or goods that an employer or government deems to be sensible. In other words, the issuer of the money would have complete control over how you spend your own money, and could punish you for undesirable opinions or behavior by restricting your purchasing ability or seizing your funds altogether

February 21, 2022, the Canadian Parliament approved Prime Minister Justin Trudeau’s motion to invoke the Emergencies Act, with 185 votes for and 151 against, in response to the peaceful trucker protest against vaccine mandates.¹ While Trudeau in a February 14,

2022, press conference (above) promised the Act would be limited in time, geographical location and scope, he's already renegeing on that promise.

Financial Surveillance Powers Will Be Permanently Expanded

The act was invoked to allow the government to physically disperse the trucker convoy without actually listening to their complaint, and to punish anyone who has supported the protest.

Under the act, banks are empowered to seize the personal bank accounts of anyone suspected of participating in the protest, or supporting it with as little as a \$25 donation. Disturbingly, the surveillance powers over financial transactions granted by the act are actually intended to become permanent. As reported by National Review:²

“In a February 14 news conference, Canadian finance minister Chrystia Freeland said that the government was using the Emergencies Act to broaden ‘the scope of Canada’s anti-money-laundering and terrorist financing rules so that they cover crowdfunding platforms and the payment service providers they use.’

That broadened power requires all forms of digital transactions, including cryptocurrencies, to be reported to the Financial Transactions and Reports Analysis Center of Canada. (I.e., ‘Fintrac’).

‘As of today, all crowdfunding platforms and the payment service providers they use must register with Fintrac, and they must report large and suspicious transactions to Fintrac,’ Freeland said.

She justified the move as a way to ‘mitigate the risk’ of ‘illicit funds’ and ‘increase the quality and quantity of intelligence received by Fintrac and make more information available to support investigations by law enforcement’ ...

Freeland said the trucker convoy, which had assembled to protest coronavirus restrictions, had ‘highlighted the fact’ that digital assets and funding mechanisms ‘weren’t captured’ by the Canadian government’s pre-existing surveillance powers.

As a result, she said, ‘the government will also bring forward legislation to provide these authorities to FinTrac on a permanent basis.’”

As noted by the National Review, we can already tell what the Canadian government will do with those expanded surveillance powers. We’re seeing their intentions in action. By invoking the Act, Trudeau has given himself the unilateral power to destroy the lives of Canadians who happen to disagree with him, regardless of the issue at hand.

When he announced his invocation of the order, he promised the Canadian people that his expanded authorities would ‘be time-limited, geographically targeted, as well as reasonable and proportionate to the threats they are meant to address.’ Not a single part of that sentence has proved to be true. ~ National Review

Without court order or due process, the government can now freeze bank accounts, cancel insurance policies and revoke drivers’ licenses, and the victims have no recourse or remedy.

“All this, of course, flies in the face of Trudeau’s promise that the Emergencies Act

powers would be temporary,” National Review notes, adding:³

“When he announced his invocation of the order, he promised the Canadian people that his expanded authorities would ‘be time-limited, geographically targeted, as well as reasonable and proportionate to the threats they are meant to address.’ Not a single part of that sentence has proved to be true.”

Government Wants to Decide How You Spend Your Money

What’s happening in Canada should be a sobering wakeup call for the whole world. They’re showing us exactly what’s in store for all of us. Governments will basically control dissent through financial tyranny and blackmail.

The next step in that direction is the implementation of programmable digital currencies, worldwide. As reported by The Telegraph in June 2021, the Bank of England has already started moving on a programmable central bank digital currency (CBDC), and there’s no doubt that this is the plan of all central banks worldwide.⁴

Executive board member of the European Central Bank, Fabio Panetta, mentioned it in his December 10, 2021, lecture on the future of digital money in Rome, Italy.⁵

What’s meant by a “programmable” currency? As explained by The Telegraph,⁶ “Digital cash could be programmed to ensure it is only spent on essentials, or goods which an employer or government deems to be sensible.” In other words, the issuer of the money would have complete control over how you, the recipient, spend it.

“Tom Mutton, a director at the Bank of England, said during a conference ... that programming could become a key feature of any future central bank digital currency ...” The Telegraph reported.⁷

“He said ... what happens if one of the participants in a transaction puts a restriction on [future use of the money]? There could be some socially beneficial outcomes from that, preventing activity which is seen to be socially harmful in some way. But at the same time it could be a restriction on people’s freedoms.”

Absolute Control Through Financial Slavery

That programmable currency might restrict freedom is probably the understatement of the century. It’s an absolute given. Imagine your employer, your government and the central bank itself having the privilege to dictate how you spend your own money!

Imagine a third party deciding how much you’re allowed to spend on rent, what kind of food or clothing you’re allowed to buy, or what hobbies you’re allowed to spend money on and when. That’s the power they intend to obtain, and current events in Canada prove it.

The “socially beneficial outcomes” Mutton is hinting at are basically that an unelected cabal will have the ability to micromanage your personal finances, and hence dictate your behavior in every area of your life. As noted by British activist and radio presenter Maajid Nawaz in the Joe Rogan clip above, with a programmable CBDC, the British government

would have complete control over anyone who disagrees with their policies or activities.

For example, with other surveillance, they could determine that he was planning to appear on Rogan's show and simply reprogram his CBDCs with the click of a button, such that he would not be allowed to purchase a plane ticket. So much for that plan then.

Of course, CBDCs will exist by themselves. They're designed to be used together with digital ID and a social credit score, like that in China. The COVID vaccine passports are one type of platform that could be used for this, but even if a state or country rejects vaccine passports, don't for a moment think you're out of the woods, not by a long-shot. Chances are, they'll introduce a digital ID system instead, which will serve the exact same function.

Global Leadership Has Been Infiltrated

In the full Rogan interview, Nawaz goes on to discuss how governments around the world have been infiltrated by World Economic Forum (WEF) members whose agenda it is to implement global authoritarianism. As reported by Life Site News:⁸

"... the WEF has installed its members in national leadership roles around the world to further the organization's sprawling authoritarian agenda. Explaining that government leaders worldwide have begun lifting COVID-19 mandates and restrictions while leaving in place an apparatus of digital tracking and identification that forms the embryonic stages of a digital social credit score.

Nawaz said the WEF under Schwab has worked on 'embedding people in government who are subscribed to' the Great Reset agenda. 'That's what they say themselves,' Nawaz said, pointing out that the so-called Great Reset, whose advocates have famously asserted that by 2030 people will 'own nothing and be happy,' is explained in detail on the WEF's website.⁹

In a 2020 book entitled 'COVID-19: The Great Reset,' Schwab openly argued that the COVID-19 response should be used to 'revamp all aspects of our societies and economies, from education to social contracts and working conditions' ...

The WEF has clearly articulated¹⁰ its interest in pursuing a global digital ID system. 'So this is going to be this never-ending process to slowly move the goal posts,' Rogan surmised. 'Towards more and more authoritarianism,' Nawaz added. 'Checkpoint society. It's all there. They've told us this.'"

How exactly has the WEF infiltrated governments and leadership roles around the world? In part by getting members of its Young Global Leaders group elected or installed in key positions. Would it surprise you to learn that Trudeau went through Schwab's Young Global Leaders program?

Other members whose dictatorial mindset cannot be disguised any longer are New Zealand Prime Minister Jacinda Ardern and French President Emmanuel Macron. Bill Gates and Facebook founder Mark Zuckerberg have also gone through the program, and both are clearly supporting and promoting The Great Reset agenda through their respective business ventures.

Globalists Plan to Seize Control of Health Systems Worldwide

Your money isn't the only thing the globalist cabal wants to control, however. In a February 18, 2022, article, Dr. Peter Breggin, author of "COVID-19 and the Global Predators: We Are the Prey,"¹¹ warns that the next move in the globalists' war on humanity is to seize control over the health care systems of the entire world:¹²

"We have discovered the next move of the global predators — already in progress — in their escalating assaults against individual and political freedom. The next big assault on human freedom involves a legalized takeover of national healthcare systems by the World Health Organization (WHO).

This stealth attack — with its initial plans already backed by many nations — will begin full implementation in 2024 if it is not quickly recognized and fought! ... The Chinese Communist influence over WHO has been solid for more than a decade, and the party was able to install Tedros without any competition.

He became the first and only Director-General who is not a physician and instead is a communist politician. Now the Director-General of WHO, Tedros Adhanom Ghebreyesus — known simply as Tedros — has unveiled plans to take charge of all global health.

While addressing the WHO Executive Committee on January 24, 2022, Director-General Tedros spelled out his global health plan, including his final priority for his enormous scheme: 'The fifth priority is to urgently strengthen WHO as the leading and directing authority on global health, at the center of the global health architecture.'

Tedros's closing words to his report to the executive committee are chilling in their grandiosity and echo Marxist exhortations to cheering mobs by a Stalin, Mao, or Xi Jinping: 'We are one world, we have one health, we are one WHO.' Tedros seeks to become super-Fauci for the world, and, like Fauci, he will do it on behalf of the global predators."

Health Fascism

As explained by Breggin, the global health care takeover really began with Gates' Decade of Vaccines, announced in 2010 at the WEF's annual meeting in Davos. At that time, Gates installed Dr. Anthony Fauci on his vaccine advisory board, thereby guaranteeing his plans would receive support from the U.S. National Institute of Allergy and Infectious Diseases (NIAID), which Fauci is the head of. Breggin continues:¹³

"A theme for the Decade of Vaccines was 'Public-Private Partnerships Drive Progress in Vaccine Development, Delivery' — essentially the precursor to the Great Reset establishing a world governance of public and private health united in the spirit of fascism.

By 2012, Gates achieved official UN approval for his scheme, establishing a broad network of global predators aimed at exploiting and dominating humanity through public health. Communist China would play a prominent role through its control over the UN and WHO and through its close relationships with global predators like Bill Gates, Klaus Schwab, Mike Bloomberg, Big Tech executives, and many other billionaires

and world leaders.

A decade and more later, during COVID-19, WHO has proven its usefulness to the predators in orchestrating science, medicine, and public health in the suppression of human freedom and the generation of wealth and power for the globalists.”

Under the guise of a global pandemic, the WHO, the WEF and all of its installed leaders in government and private business, were able to roll out a plan that has been decades in the making. The pandemic was a perfect cover. In the name of keeping everyone “safe” from infection, the globalists have justified unprecedented attacks on democracy, civil liberties and personal freedoms, including the right to choose your own medical treatment.

Now, the WHO is gearing up to make its pandemic leadership permanent, and to extend it into the health care systems of every nation. “The idea is ‘the principle of health for all’ — universal health care organized by WHO as part of the Great Reset,” Breggin explains.

Pandemic Treaty Is Being Established

May 24, 2021, the European Council announced it supported the establishment of an international Pandemic Treaty, under which the WHO would have the power to replace the constitutions of individual nations with its own constitution under the banner of “pandemic prevention, preparedness and response.”¹⁴

“The world has already seen how any pandemic emergency, real or concocted, now or in the future, could then justify WHO taking over the entirety of government operations of sovereign nations, robbing all individuals of their freedoms, and fully crushing the democratic republics of the world,” Breggin warns.¹⁵

“The spirit of Communism can be felt throughout the document. We are told that the ‘purpose’ of the new strategy will be ‘guided by a spirit of solidarity, anchored in the principles of fairness, inclusion, and transparency.’ Notice, as in all pronouncements by global predators; there is no mention of individual rights, political liberty, or national sovereignty.

The great engine of human progress, human freedom, will be replaced by the great destroyer of humanity, collectivism, under the rule of the elite. Tucked into the report were the real goals ... Here are three main purposes or goals of the proposed treaty:

1. response to any future pandemics, in particular by ensuring universal and equitable access to medical solutions, such as vaccines, medicines, and diagnostics
2. a stronger international health framework with the WHO as the coordinating authority on global health matters
3. the ‘One Health’ approach, connecting the health of humans, animals, and our planet

The report adds, ‘More specifically, such an instrument can enhance international cooperation in a number of priority areas, such as surveillance, alerts, and response, but also in general trust in the international health system.’ Clearly, they were building

support for Tedros’s January 24, 2022 announcement that WHO would take over the international health care system.”

Even Your Food Will Be Under Their Control

In addition to your finances and your health care, the global cabal also intend to control the food supply and dictate what you can and cannot eat, in the name of combating climate change and saving the planet. The Great Reset¹⁶ is indeed the reset of life and society as we know it. Not a single area will be left untouched.

Sustainable development, Agenda 21, the 2030 Agenda, the New Urban Agenda, the Fourth Industrial Revolution,¹⁷ “Build Back Better,”¹⁸ green economy, the Green New Deal, the Paris Climate Agreement and the global warming movement in general all refer to and are part of The Great Reset agenda and its resource-based economics.

The common goal of all these movements and agendas is to capture all of the resources of the world — the ownership of them — for a small global cabal that has the know-how to program the computer systems that will ultimately dictate the lives of everyone.

When they talk about “wealth redistribution,” what they’re really referring to is the redistribution of resources from us to them. The goal is for you to own nothing. Everything you need, from the shirt on your back to a roof over your head, you’ll have to rent from the globalist owners.

Even the food you put into your mouth is planned to be under their complete control. To this end, the WEF has partnered with the EAT Forum, which will set the political agenda for global food production. The EAT Forum was cofounded by the Wellcome Trust, which in turn was established with the financial help of GlaxoSmithKline.

EAT collaborates with nearly 40 city governments across Africa, Europe, Asia, North and South America and Australia, and maintains close relationships with imitation meat companies such as Impossible Foods, which was cofunded by Google, Jeff Bezos and Bill Gates.¹⁹ Gates has also been gobbling up farmland, becoming one of the largest private land owners in the U.S.²⁰

EAT has developed a “Planetary Health Diet” that is designed to be applied to the global population and entails cutting meat and dairy intake by up to 90%, replacing it largely with foods made in laboratories, along with cereals and oil.²¹

Not surprisingly, Gates is on record urging Western nations to stop eating real meat altogether,²² and articles have been published in the past three years insisting people need to get used to eating bugs and drinking reclaimed sewage,²³ all in the name of sustainability and saving the planet.

Being able to see the globalists’ plan as clearly as we can see it now, we have an obligation to future generations to resist, denounce and refuse any and all implementations of the technocratic agenda. We can win, for the simple fact that there are more of us than there are of them, but we have to be vocal about it — we need to join forces and present a united front, resisting peacefully, like the Canadian truckers.
