## My Take...

This was not intended to be a series but there were so many sudden and unexplained deaths, they had to be split up into categories as they wouldn't fit in one article.

**Interestingly, Singapore's first COVID-19 vaccine injury compensation was to a 16 year old boy who had an out-of-hospital cardiac arrest six days after receiving his first dose of Pfizer COVID-19 mRNA vaccine on June 27, 2021.**

**He had developed myocarditis and had a heart attack after doing weightlifting. He survived and received \$225,000 from the Singapore government ([click here](#)).**

# The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project “destroys people’s lives”. He provides a comprehensive analysis of everything you need to know about the “pandemic” — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

*“My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the “deadly” COVID-19 “vaccine”. This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument.”*
