

Predictive Programming, Symbolism, and Ideological Subversion at Olympic Games Opening Ceremonies

By [Mark Keenan](#)

Global Research, August 01, 2024

A tool that has been used as part of the ideological subversion of society is predictive programming - the process of informing and conditioning the population about events that are soon to occur. For example, in years previous to the 2020 [Covid fake pandemic](#) masses of people were conditioned to be scared about worldwide pandemics and deadly killer viruses. Several movies and television series were produced about a worldwide coronavirus pandemic. Examples include 'Dead Plague' and 'Contagion'. 'Contagion' was based on a coronavirus pandemic with lockdowns, social distancing, face masks, etc., being introduced. The Covid fake pandemic that later occurred was predicted in detail in these movies - the population had also been primed to accept it.

London Olympics 2012

Remember the London Olympics 2012 opening ceremony?

Doctors and nurses dancing around children in hospital beds. A massive figure of death holding a needle. This was a prime example of how they condition the masses to accept a generated reality soon to occur. The statistics of death and injury related to Covid vaccination have been documented by many doctors and researchers, for example by Professor Chossudovsky on the [Global Research website](#), and in one of my own [books](#).

Beijing Winter Olympics 2022

At the Beijing Winter Olympics 2022 each team carried a snowflake aloft seemingly paying homage to what we were told was a 'snowflake of winter'. The 6-pointed snowflake symbol was the centrepiece of the entire ceremony. Yet in the freeze-frame below we see the snowflake seemingly transform into the 6-pointed star symbol of Zionist Israel. Why did this occur? Was this a co-incidence?

See also this [article](#) on the ancient origins of this hijacked symbol.

[The satkona is the oldest spiritual symbol known to the world](#). In the oldest known Vedic literature, Sri Brahma-samhita, the Sat-kona is mentioned in a description of the supreme abode of Goloka, the abode of Krsna, God personified in ancient Vedic literature

The use of the satkona is evidenced in ancient Vedic cultures dating back over 5,000 years ago. The satkona has been used throughout the ages in India, Nepal, China, Tibet, Sri Lanka, and other countries in Asia by proponents of Vedic Vaisnavism, Jainism, and also in Buddhism.

Paris Olympics 2024

The recent opening ceremony for the Paris Olympics did not seem to be about sport rather something else entirely. The event has come under heavy criticism from people worldwide with conservative, traditional, and God-conscious values. The event was filled with woke left-wing symbolism, overt perversity, and seemingly pagan or satanic references. Personally I felt like washing my eyes out as quickly as possible.

One of the scenes that sparked particular controversy was of a table of drag queens with one in the middle wearing some form of crown or halo on her head and standing in front of DJ gear. The already infamous scene appeared to be a recreation and mockery of Leonardo da Vinci's mural of Jesus and his Twelve Apostles at table of the Last Supper. Was this an intentional replacement of Jesus and the disciples at the Last Supper with men in drag? Was this an intentional mockery of those with Christian faith?

“One of the main performances of the Olympics was an LGBT mockery of a sacred Christian story - the Last Supper - the last supper of Christ. The apostles were portrayed by transvestites,” the spokesperson for Russia's Foreign Ministry, Maria Zakharova, posted on Telegram.

We were then presented with a naked blue man in flower garlands singing suggestive lyrics and pointing at his groin. This was apparently supposed to represent Dionysus, the Greek god of wine and ecstasy. However, this could also be interpreted as a mockery of Lord Krishna, who is described in the ancient Vedic scriptures as an avatar of God who lived on Earth 5,000 years. Regardless of the truth of the matter, the whole spectacle was in appallingly bad taste.

French singer Philippe Katerine during the Paris Olympics opening ceremony(X/@Scipionista)

The ceremony was littered with pre-recorded scenes with references to non-traditional sexual inclinations that left many viewers aghast. It appeared to be an overt display of LGBTQ+ perversity and sexual abandonment, containing a bearded drag queen crawling on all fours; the beginnings of a menage à trois; and an intimate embrace between two men who danced, hugged, kissed and held hands. The in-your-face nature of the show seemed to be an insult to people with conservative or God-conscious values. I for one would not allow impressionable children to watch this degrading melee.

The athletes themselves were paraded and welcomed down the River Seine in many boats. Was this a mind programming reference to the huge numbers immigrants from faraway places that have been arriving in boats to Europe for years now? The people of Europe, it seems, are meant to welcome and accept mass (often unvetted) immigration regardless of the consequences and well documented increases in crime. Meanwhile, mere days before the opening ceremony a 25-year Australian woman, a tourist, was allegedly gang raped in Paris by 5 men of an immigrant background, [see this report](#).

Rejecting Indoctrination and Mind Control - The Value of Discernment

The woke left, hypnotised by decades of new world order propaganda have welcomed and embraced bogus and perverse socio-political agendas. Sports events, TV, internet, and AI neuromancers channel corporate-funded propaganda and thought controls to the minds of the masses. These are mind control wands of the globalists.

When we hear about 'multi-culturalism' and 'diversity' in the woke political sense - what does it actually mean? The entire world has been multi-cultural for thousands of years before this funded political agenda. Why are these code words and ideologies so embedded into the cultural psyche? Who is finding the subversion of America and the wider world with these ideological agendas?

There is value in discernment, and in distinguishing good from evil. An increasingly perverse and dangerous ideological culture has been foisted upon us all. It can be rejected, and a more God-conscious life can be embraced. Perverse and toxic lifestyles devalue God-given

life force (chi), and brain force – see also this [article](#). Life is a mirror not a window, and surely a purified God-conscious life demands internal God-conscious values.

Will those that carry out demonic actions will be subject to karma? The Christian teaching is that “whatever a man sows, this he will also reap.” I am also reminded of the words of Bhaktivedanta Swami Prabhupada, a great saint in the Vedic tradition of devotion to God.

“... you have got a short duration of life... The best thing is that you mold your life and go back to home, back to Godhead. Oil your own machine, instead of thinking what will happen elsewhere. [Those things] will happen. Because people will go on with their rascal civilization, natural consequences will be there.”
