On George Floyd final viewing day and celebration of his life (under the Democratic Party supervision), the fascistic minded President Trump is seeking another victim! He has tweeted: "Buffalo protester shoved by Police could be an ANTIFA provocateur. 75 year old Martin Gugino was pushed away ... he fell harder than was pushed. ... Could be a set up?"

It is imperative to understand that the President's tweet is not a vicious attack only against one person; what the tweet is propagating is that the Trump administration is declaring the last warning against those who dare to stand up for freedom of speech, even if dissent comes from 75 year old Martin Gugino.

Mr. Martin Gugino is a true peace and justice activist, an elder who fought against injustice for decades, a humble man who was against the United States military prison in Guantanamo Bay according to his friends. I don't know Brother Martin Gugino, but I know there are many peace activists just like him in Houston where I live.

It is time to demand that Mr. Trump should resign. Working people and youth must lead the mass movement to force Trump out now! ... Before it's too late.
