Greenpeace

Greenpeace Netherlands has released secret TTIP negotiation documents. We have done so to provide much needed transparency and trigger an informed debate on the treaty.

This treaty is threatening to have far reaching implications for the environment and the lives of more than 800 million citizens in the EU and US. Whether you care about environmental issues, animal welfare, labour rights or internet privacy, you should be concerned about what is in these leaked documents. They underline the strong objections civil society and millions of people around the world have voiced:

TTIP is about a huge transfer of power from people to big business. You can download all the documents below, as a whole and per chapter.
