SPREAD THE WORD

Richard Gage from Architects and Engineers for 911 Truth will be speaking in 17 Canadian cities

[Richard Gage, Urges Canadians to ReThink 9/11](#)

Internationally acclaimed San Francisco speaker and architect Richard Gage, AIA, will tour 17 cities throughout Canada this March 13 to 31 to present the forensic, eyewitness and photographic evidence that three World Trade Center skyscrapers were destroyed by explosives on September 11, 2001.

Many people are not aware that WTC 7, a massive skyscraper adjacent to the Twin Towers, collapsed suddenly and symmetrically at free-fall acceleration late that afternoon. The official explanation is that “normal office fires” brought this building down, but thousands of architects and engineers disagree, as do [51% of Canadians](#).

During Gage’s tour, from Vancouver to Halifax, hosted by [ReThink911 Canada](#), the [42% of Canadians](#) who question the overall U.S. Government story of 9/11 will have a rare opportunity to understand first-hand the facts about the three sudden straight-down skyscraper collapses.

Richard Gage is an architect of 26 years and founder of the 18,000-member Architects & Engineers for 9/11 Truth which includes 2,100 A/E’s calling for new WTC investigation.

Tour Coincides With [US Congressional Resolution](#) To Release Classified Evidence of Saudi Government Involvement in the Attacks.

Local 9/11 activists and promoters are welcome to join in the tour.
