*Celebrated Canadian Constitutional lawyer **Rocco Galati** characterizes the COVID Operation as “the biggest example of misinformation and lies on a global scale that we’ve seen.”*

The Constitutional challenge that he is filing with the Ontario Superior Court seeks to pull back the shroud of secrecy imposed by the Trudeau and Ford governments which, he says, are currently and have been “ruling by decree” beneath the pretexts of “COVID Measures” and “Emergency Measures”.

Specifically, he is seeking “declaratory and injunctive” relief against COVID measures. The Canadian Broadcasting Corporation (CBC) is also named as a defendant since it is publicly funded with a public mandate under the Broadcast Act and has a “duty of care.”

Both Prime Minister Trudeau and Premier Ford refuse to divulge the substance and source of their “medical advice”, and the media, including the CBC, are guilty of extraordinary censorship.

Whereas mayors in North America have proudly met with Bill Gates for advice, he has obvious conflicts of interest, and he is neither a doctor nor an expert.

Ontario’s world-renowned Sick Kid’s Hospital, on the other hand, is well qualified to weigh in on these matters. In a recent peer-reviewed study conducted by two expert virologists, aided by twenty experts, **the hospital has advised against social distancing and masking, (1) saying that social distancing and masking import drastic psychological harm on children.**

Galati reminds us of the impacts of societies’ fascistic reactions to COVID.

- State diktats have assisted in premature deaths of people in Long Term Care Facilities.
- 170,000 scheduled surgeries (including heart and cancer surgeries) in Canada were postponed,
- suicides have spiked,

The Guardian reported that in the month of April 2020 alone, there were 10,000 extra dementia patient deaths in England and Wales. (2) The World Food Bank notes that 130 million additional people will be on the brink of starvation due to COVID measures (already one child starves to death every 29 seconds on planet earth).

Galati explains how all of **the COVID statistics have been manipulated**, saying, for example, that if the primary cause of death is cancer, but COVID is evident or presumed, then the Cause of Death is listed (falsely) as COVID.

The government's reactions to COVID amount to "state crimes". Galati's lawsuit should be a strong step in freeing ourselves from these destructive globalist tentacles.
