

This War is the Big One: “The Objective is to Destroy Russia and the Russian Empire”

Russia’s SMO Is a Life and Death Struggle Against American-led Nazism. A Nuclear Armageddon or Biological Warfare Nightmare on the Cards

Every uncompromised world politician and citizen of the world, who against great odds, have kept themselves informed and abreast of the complicated historical geo-politics that exists in Ukraine, already know what can only be the ultimate outcome of the war in Ukraine. Especially if they’ve kept themselves informed and abreast over the past nine years since the American Government’s Neo-Con-led Coup of 2014, as well as, the failed attempts ever since by the world’s powers, with the Minsk II Accords Normandy Format and the Steinmeir Formula, to stop the slaughter of ethnic and Russian-speaking Russians in the Donbas by Nazi-led Ukrainians and other fascists in the Western World.

Those who still possesses: even half a brain that hasn’t already been totally propagandized, and still possess the ability to honestly engage within themselves and others, capable of a similar modicum of independent thought and critically thinking powers, with what the only possible outcome can be to the ultimate conclusion of the war in Ukraine, and why it is that no other exit strategy from the war has ever been proposed, other than the total defeat of Russia. Clearly, his war is THE BIG ONE for the whole ball of empire-building wax in the 21st century and beyond.

President Biden and his worldwide Neo-Con allies and fascist Corporate Wall Street backers already know this and have no intention whatsoever of ever relenting to some half-ass measure through what they deem ‘bullshit’ negotiations to peacefully end the war; the outcome of which, if ever fairly arrived at, will clearly favor the Russians and those in the West who still can think clearly and independently about the most logical, most favorable conclusion to the war for all concerned. Until then, the murdering mayhem will only continue until Biden, the Neo-Cons in his Administration and war mongering NATO allies, can find the appropriate moment or favorable excuse to finally pull the plug on their deceitful,

duplicitous *proxy war*, and then it's, "*Bombs Away!*"

In the meantime, one doesn't have to be a skilled parliamentarian or diplomatic envoy to read between the constant lines of corporate mainstream press doublespeak to know the ultimate intentions of President Biden and his 'axis NATO allies' aren't just to "hurt or weaken Russia", as they've duplicitously-stated so many times over the past year. At all costs, if need be, to human life and all of life on Mother Earth herself, the objective is to destroy Russia and the Russian Empire.

For the warmongers in America and the West, this goal is nothing less than an absolute imperative, if they are to maintain their hegemony in the world and ready themselves for the ultimate *Gunfight at the OK Corral*, between themselves and China.

The writer Jerome Irwin is a Canadian-American writer who originally was a Criminology student working in one of America's local police departments. For decades, Irwin has sought to call world attention to problems of environmental degradation and unsustainability caused by a host of environmental-ecological-spiritual issues that exist between the conflicting world philosophies of indigenous and non-indigenous peoples.

Irwin is the author of the book, "The Wild Gentle Ones; A Turtle Island Odyssey" (www.turtle-island-odyssey.com), a spiritual odyssey among the native peoples of North America that has led to numerous articles pertaining to: Ireland's Fenian Movement; native peoples Dakota Access Pipeline Resistance Movement; AIPAC, Israel & the U.S. Congress anti-BDS Movement; the historic Battle for Palestine & Siege of Gaza, as well as; the many violations constantly being waged by industrial-corporate-military-propaganda interests against the World's Collective Soul. The author and his wife are long-time residents on the North Shore of British Columbia.

He is a regular contributor to Global Research.
