*All day today the prostitute at NPR went on and on about President Trump, using every kind of guest and issue to set him up for more criticism as an unfit occupant of the Oval Office, because, and **only because, he threatens the massive budget of the military/security complex by attempting to normalize relations with Russia.** The NPR even got an ambassador from Montenegro on the telephone and made every effort to goad the ambassador into denouncing Trump for saying that Montenegro had strong and aggressive people capable of defending themselves and were not in need of sending the sons of American families to defend them.*

Somehow this respectful compliment about the Montenegro people was supposed to be an insult. The ambassador refused to be put into opposition to Trump. NPR kept trying, but got nowhere.

As a former Wall Street Journal editor I can say with complete confidence that NPR crossed every line between journalism and advocacy and no longer qualifies as a 501c3 tax-exempt public foundation.

The NPR assault on President Trummp was part of an orchestration. The same story appeared in the [Washington Post](#), long-believed to be a CIA asset. Most likely, it has appeared throughtout the prostitute media.

The ability of the military/security complex to control the explanations given to Americans, about which President Eisenhower warned Americans in 1961 to no effect, has produced an American population, a large percentage of which is brainwashed.

For example, in **Caitlin Johnstone's** column, linked below, **Kurt Eichenwald**, who says that the bottom line is that you either believe "our intelligence community," which most definitely did not concluded what Eichenwald says they have concluded, "or you support Putin. You are either a patriot, a traitor or an idiot."

Note that Eichenwald defines a patriot, as do the Democrats, many Republicans, the entirely of the US print and TV media and NPR, as a person who believes the self-serving lies issuing from the military/security complex in support of the \$1,000 billion dollars annually taken from unmet US taxpayer needs to put in the pockets of the mega-rich for "defending" American from an orchestrated, but otherwise nonexistent, threath. If you don't support this theft from the American people, you are, according to Eichenwald, "a traitor or an idiot."

Caitlin Johnstone tells us how utterly stupid Americans are to fall for the line that it is

treason to seek peaceful relations with a nuclear power that can destroy us. This means that presidents **John F. Kennedy, Richard Nixon, Jimmy Carter, and Ronald Reagan** were treasonous. This is the official position of the American prostitute media, the Democratic Party, and the military/security complex. It is also the position of a fake entity that misrepresents itself as “the American left.”

This utterly absurd position that to pursue peace is to commit treason is precisely the position that the corrupt American print and TV media and NPR represent. It is the position of the Democratic Party. It is the position of the Republicans in Congress, such as the warmongers **John McCain** and **Lindsey Graham** who are owned by the military/security complex.

Every American who believes the line that reducing tensions with Russia is treasonous is preparing nuclear Armageddon for themselves, their friends and families, and for the entire world.

Caitlin tells it to you like it is, see [this](#).
