*I address this to a friend who worked **designing manned and unmanned underwater vehicles - UUVs**.*

He left that firm and might no longer be in that field. I know he was unhappy because there were, later on, contracts with the US Department of Defence. He might have some insight into the Luciferan’s interest in our wonderful oceans which cover 5/6s of our globe.

I know in addition that the ‘hegemon’, a direct descendant of Nazi Germany, is active in the Caribbean Sea. ‘Fibre optic cable laying’ might be a front. But consider the mineral wealth of Venezuela and the usual US attempts to subvert, subordinate and capture it, as with most other South and Central American nations.

So blatant – like the US navy stopping 6 Iranian oil tankers about a year ago on their way to Venezuela. The crude was pumped into 2 vast US oil tankers that then went to lie off Houston. I followed them on one of the websites tracking marine traffic. You can bet the oil was later refined there to pour down the thirsty US gullet. And it is said is it not, that this vast and rich country of Venezuela has the largest reserves of oil.

Fact: World War III is being fought and it started before that obvious part of the war – COVID-19 and “vaccination” – global, as advised by Gates and the paramount psychopath and war criminal Blair, et. al.

For truth and for ‘no mother and her child should be in the least harmed anywhere in our still beautiful world’. Millions endangered.

The Context

Read [this](#). Do not forget that 'nuclear first strike' with "'tactical', cement penetrating nuclear weapons is official US 'policy'. And these can be 'deployed' in 'theatre' by commanders in the field. These weapons are on US surface and sub vessels, and no doubt the 'greatest ally' has these too.

The word is fascism. My definition – the subjugation of the individual's will and freedom by an overweening state. Humanity withers, freedom of speech is stifled and the soul dies. **Self-preservation** becomes a dominant drive.
