On 15 November 2021 all healthcare workers in New Zealand — doctors, nurses, dentists, pharmacists, midwives and the like — were required to have had their first covid Jab. The covid Jab mandate lasted until late September 2022.

Just tonight I learned that over 11,000 workers received "12A Exemptions" during this period from an Official Information Act request to Te Whatu Ora (Health New Zealand), the health service agency that absorbed the District Health Boards and manages all public health services nationwide.

Confirmation of this is available here.

I am highlighting an excerpt from the response, as follows:

> **From 13 November 2021 to 26 September 2022, a total of 478 applications for Significant Service Disruption exemption (SSD) were received. 103 applications were granted, covering approximately 11,005 workers.**

The Significant Service Disruption criteria are outlined here.

I personally know of two psychiatrists who refused to be inoculated at all, and another who, after having received two jabs, refused any further. **All were terminated** from their employment, in a country with a catastrophically severe shortage of competent psychiatrists no less.

I know of another healthcare worker who developed a severe adverse reaction to the first inoculation and consulted a cardiologist who recommended and applied for a medical exemption. The request for an exemption was declined by then-Director General of Health, Ashley Bloomfield. I know personally others too — midwives, nurses, pharmacists — **who lost their jobs** because they believed the jabs were either unnecessary or dangerous or

both.

With this new information, I now wonder how many of the 'chosen' 11,000 were doctors, and if so, why these doctors didn't raise their voices against the program of coercive inoculation? Had a fraction of them done so, the entire lawlessly intrusive governmental program would have been stopped in its tracks.

I wonder who decided that these 11,000 workers could get off jab-free while my friends and many others suffered the consequences of their conscientious choice? Why were some people deemed 'essential' and others not?

Now one can see very clearly and without the shred of a doubt the deeply ingrained hypocrisy of New Zealand's governing institutions.

And we can see furthermore the sick and depraved immorality that is an integral part of all totalitarian systems, wherein some are 'chosen' and some are not.

So much more to learn, so much information to gather, so much gaslighting to expose.

Spread the word. We will hold these criminals to account.

The Worldwide Corona Crisis, Global Coup d'Etat Against Humanity

by Michel Chossudovsky

Michel Chossudovsky reviews in detail how this insidious project "destroys people's lives". He provides a comprehensive analysis of everything you need to know about the "pandemic" — from the medical dimensions to the economic and social repercussions, political underpinnings, and mental and psychological impacts.

"My objective as an author is to inform people worldwide and refute the official narrative which has been used as a justification to destabilize the economic and social fabric of entire countries, followed by the imposition of the "deadly" COVID-19 "vaccine". This crisis affects humanity in its entirety: almost 8 billion people. We stand in solidarity with our fellow human beings and our children worldwide. Truth is a powerful instrument."
Reviews

This is an in-depth resource of great interest if it is the wider perspective you are motivated to understand a little better, the author is very knowledgeable about geopolitics and this comes out in the way Covid is contextualized. —**Dr. Mike Yeadon**

In this war against humanity in which we find ourselves, in this singular, irregular and massive assault against liberty and the goodness of people, Chossudovsky's book is a rock upon which to sustain our fight. –**Dr. Emanuel Garcia**

In fifteen concise science-based chapters, Michel traces the false covid pandemic, explaining how a PCR test, producing up to 97% proven false positives, combined with a relentless media campaign, was able to create a worldwide panic-laden "plandemic"; that would never have been possible without the infamous DNA-modifying Polymerase Chain Reaction test – which to this day is being pushed on a majority of innocent people who have no clue. His conclusions are evidenced by renown scientists. —**Peter Koenig**

Professor Chossudovsky exposes the truth that "there is no causal relationship between the virus and economic variables." In other words, it was not COVID-19 but, rather, the deliberate implementation of the illogical, scientifically baseless lockdowns that caused the shutdown of the global economy. –**David Skripac**

A reading of Chossudovsky's book provides a comprehensive lesson in how there is a global coup d'état under way called "The Great Reset" that if not resisted and defeated by freedom

loving people everywhere will result in a dystopian future not yet imagined. Pass on this free gift from Professor Chossudovsky before it's too late. You will not find so much valuable information and analysis in one place. –**Edward Curtin**
