## Everyone Knew Iraq Had No WMD ... and Was Not Behind Anthrax Attacks or 9/11

[Everyone knew](#) that Iraq didn't have weapons of mass destruction.

Indeed, Secretary of State Colin Powell's chief of staff - Colonel Lawrence Wilkerson - just said that Powell knew that there were no WMDs:

I wonder what will happen when we put 500,000 troops into Iraq and comb the country from one end to the other and find nothing

[\(starting at 6:43 into video\).](#)

But [war is sold just like soda or toothpaste](#) ... and so a false justification also needs to be concocted. [George W. Bush](#), [John McCain](#), [Sarah Palin](#), a [high-level National Security Council officer](#), [Alan Greenspan](#) and others all say that the Iraq war was *really* about oil.

It has been extensively documented that the White House decided to invade Iraq [before 9/11](#):

- Former CIA director George Tenet said that the White House [wanted to invade Iraq long before 9/11, and inserted "crap" in its justifications for invading Iraq](#). Former Treasury Secretary Paul O'Neill - who sat on the National Security Council - also [says](#) that Bush planned the Iraq war before 9/11. Top British officials [say](#) that the U.S. discussed Iraq regime change even before Bush took office. And in 2000, Cheney [said](#) a Bush administration might "have to take military action to forcibly remove Saddam from power." And [see this](#).
- Cheney made Iraqi's oil fields a national security priority [before 9/11](#). And the Sunday Herald [reported](#): "Five months before September 11, the US advocated using force against Iraq ... to secure control of its oil." (remember that [Alan Greenspan](#), [John McCain](#), [George W. Bush](#), [Sarah Palin](#), a [high-level National Security Council officer](#) and others all say that the Iraq war was really about oil.)

Indeed, neoconservatives planned regime change [in Iraq - and throughout the Middle East and North Africa - 20 years ago](#).

The government [tried to falsely blame the anthrax attacks on Iraq](#) as a justification for war:

When Congress was originally asked to pass the Patriot Act in late 2001, the anthrax attacks which occurred only weeks earlier were falsely blamed on spooky Arabs as a way to scare Congress members into approving the bill. Specifically:

- The FBI was actually [told to blame Anthrax scare on Al Qaeda by White House officials](#)
- **[High-level government insiders pointed towards Iraq as the source of the anthrax, even though there was absolutely no reason to think that the anthrax had come from Iraq](#)**

Secretary of Defense Donald Rumsfeld, President Bush and VP Cheney all [falsely linked Iraq with 9/11 ... and the entire torture program was aimed](#) at establishing such a false linkage.

A new book by NBC News and Newsweek investigative reporter [Michael Isikoff](#) adds details, including a [memo written by Rumsfeld in November 2001](#) - a year and a quarter before the start of the Iraq war - asking how to start a war against Iraq, and suggesting as one potential "justification" for war:

US discovers Saddam connection to Sept. 11 attack or to anthrax?

Here is the whole memo:
