\*\*\*

*Throughout the two-year-two-month long war in Ukraine, as a crucial Russian ally, China has supported Putin's strategic military objective to de-Nazify and demilitarize the nation led by an unscrupulous, greedily corrupt US/NATO backed Kiev regime.*

*A few months back, China even offered to broker a potential negotiated peace settlement as a much needed off ramp exit for Ukraine President Volodymyr Zelensky, but the US adamantly rejected it. So late last week, when US Secretary of State [Antony Blinken](#) traveled to Beijing to meet with counterpart Wang Yi and China's leader Xi Jinping, topping Antony's agenda was placing increased pressure on China to cut off existing trade agreement with Russia, to stop sending materials that could indirectly support Russia's war-making capacity.*

Unlike US/West, China has not sent any weapons per se to Russia used on the Ukraine battlefield, yet an April 26<sup>th</sup> [Washington Post](#) accuses:

[China supplies] machine tools, drone parts, semiconductors and other items that are key to fueling the Kremlin's war in Ukraine.

Within hours after the US fired yet another shot across the bow at China amidst its hybrid economic war against its chief archrival Beijing, Blinken was there to chide China for supporting Russia's war.

Last Wednesday, the US signed into law an ultimatum that China must either sell its own social media giant [TikTok](#) to a non-Chinese company within nine months, or have it banned in the US.

Then literally a couple hours later after essentially banning a Chinese company from doing

business in the US, Blinken was meeting face-to-face with the top Beijing leadership strongly urging the Chinese government to provide “a level playing field” for US firms in China.

His unipolar display of hypocrisy is recklessly, limitlessly, outrageously insane. But then that’s exactly how the unipolar United States is used to operating globally.

On Monday April 29<sup>th</sup>, China’s Foreign Ministry spokesman [Lin Jian](#) claimed that the latest US actions are infringing on China’s own national sovereignty, adding:

We urge the US to respect China’s core interests and major concerns, and not to implement these negative articles concerning China. Otherwise, China will take strong and resolute measures to safeguard our sovereignty, security and development interests.

Lin Jian confronted Blinken’s audacity to accuse China of exporting goods to Russia that allegedly helps Moscow produce weapons used in Ukraine, while for many months China has pushed for a negotiated peace settlement in Ukraine. In exact opposite, stark contrast throughout this protracted war, the US has alienated itself as the prime [instigator](#), keeping the conflict going and growing, in effect, subjecting the world to risking a far wider regional war, potentially spreading throughout Europe as WWII. Lin Jian confronted:

China’s right to normal trade and economic exchanges with countries in the world, including Russia, on the basis of equality and mutual benefit should not be interfered with or disrupted. The US keeps pouring munitions into Ukraine while blaming our normal trade with Russia. It is pretty clear who exactly is fueling the flame and aggravating the crisis.

Lin Jian called Washington out on its obvious double standard hypocrisy. After meeting with the Chinese Foreign Ministry officials, Blinken then self-righteously pleaded his feeble case to the world media:

Russia would struggle to sustain its war in Ukraine without China’s support... Fueling Russia’s industrial base not only threatens Ukrainian security, it threatens European security. Beijing cannot achieve better relations with Europe while supporting the greatest threat to European security since the end of the Cold War. As we told China for some time, ensuring transatlantic security is a core US interest. In our discussions today, I made clear that if China does not address this problem, we will.

Again, this frame of reference that Russia threatens the security of Europe is groundlessly false.

For many decades it has been the US/West/NATO that has always been the relentless aggressor, constantly and provocatively poking to bait Moscow into a wider conflict and war. All the while, Putin has demonstrated zero interest in a war against Europe, NATO or the US.

This is the West’s favorite propaganda lie to stoke fear and population control justifying the US war machine through more divide and rule deception, always to ensure a designated enemy is readily in place for waging nonstop Rothschild bankster wars. This over-the-top twisted US hubris and unilateral exceptionalism is used to still pretend the US is the world’s only superpower, in order to continue belligerently getting away with its globalist role as world policeman and bully. In reality, the US is now a far more weakened and diminished

has-been of a power. In desperation of losing its hegemonic control, today the globalists have the US backed up into a corner with its back against the wall, financing and fighting wars on three separate warfronts, and on the verge of secretly committing US boots on the ground in each.

Speaking of which, Defense Secretary Lloyd Austin just admitted to Florida Congressman [Matt Gaetz](#) that by the US building a military beachhead pier in Gaza under the oft-used, flimsy humanitarian excuse, US soldiers are likely to draw enemy fire. Austin actually quibbled over boots being on the ground when US soldiers are on the offshore pier. But according to an April 26<sup>th</sup> [Associated Press](#) article, a gunfire exchange between US military boots on the ground and enemy combatants in Gaza has already occurred. With the Israeli Defense Force set to launch its Rafah ground invasion, for all intents and purposes, despite the Biden lie, the US already deploys boots on the ground in Gaza engaged in combat in a regional Middle East war. Following its elites' marching orders, the US is stuck in another losing quagmire of lost war defeats in both Ukraine and Gaza. During an election year, the Biden regime is humiliated and by the week, growing more desperate as the grim reality sinks in.

US neocon interventionism has lost war after war after war - Vietnam, Iraq, Syria, Libya, Afghanistan, and now Ukraine and Gaza.

Bottom line, this aggressive US foreign policy demanded by the bloodline puppet masters unfolding, has failed in all regions of the globe by intended design.

Washington is now the laughing stock pariah of the entire world, no longer respected nor feared, but only impotently crippled.

The US is incapable of bringing any semblance of peace anywhere and equally unable to avoid more protracted humiliating war defeats, having pursued a nonstop deliberately flawed hyperaggressive foreign policy strategy built by elite diabolical design to not win every war since World War II.

On multiple warfronts, following the elites' dictates bent on destroying both America and the West, US/NATO has been corralled into going out of its way to foolishly, suicidally immerse itself in multiple needless regional conflict, deliberately falling into the Darkside laid trap of fomenting the long-plotted World War III. The controllers have strategically deployed US hegemony in its diminishing returns now to push, provoke and manipulate on at least three warfronts, each presenting zero threat to US national security. Meanwhile, also by globalist plan, traitors in Washington have conspicuously left the US border wide open, defenseless, unsecured, unfunded, to now arguably become America's greatest national security threat as its fatal Pandora's box breach.

But clicking its heels in strict, total obedience to its puppet masters' orders, the US government continues to take no action whatsoever to seal off and stop the bleeding of its invaded, open wound border in order to protect its own national security or its own American citizens, per elites' replacement agenda.

That's why Braindead and US Congress follow suicidal orders, floundering on multi-warfronts creating multi-warzones of its own making, on the way to igniting the Big Bang of World War III.

Clearly, Blinken's foreign policy leadership implicates himself as a true US traitor, warranting military tribunal prosecution for full-blown treason. And so have the near 96% of US House members and 82% of US senators in Congress who voted to finance costly foreign wars while leaving the border war at home wide open, with likely terrorist [sleeper cells](#) ready to strike at any time.

For Blinken to stand in front of the cameras grandstanding as if he's really some kind of tough guy leading an empty paper tiger into battle, essentially issuing the ultimatum to China that if it chooses to not abruptly suspend its limited minor support for Russia's already independent capacity to wage war in Ukraine, then Blinken says the United States on its own will have to take some kind of decisive action against Beijing, of course omitting what that entails. This wimp is a total joke, just like his Braindead boss and fellow traitor Austin in the Pentagon. But clearly to China, Blinken's grandstanding is provocative, if not threatening. And for this weasel to laughably try to play the heavy in an overt failed attempt to intimidate China, when in fact the world knows it's the US/NATO that is the actual woke military weakling, compared to Russia and China's superior combat strength and readiness. Blinken only comes off as the blindman's bluff fool to the rest of the world. Complying with Illuminati bloodline demands, America and Israel are being used as the "fall guy patsies" to make our world far more dangerous each passing week on the pathway to Armageddon.

Both China and American foreign policy officials glossed things over, claiming the two-day meetings were productive and helpful at reducing the flared up tensions from ten months ago with the wag-the-dog Chinese balloon surveillance fiasco. China's Foreign Minister [Wang Yi](#) assessed the meetings this way, paying lip service to so-called "progress" while reiterating his very real, sobering concerns:

Overall the China-U.S. relationship is beginning to stabilize. This is welcomed by our two people... [But] the negative factors in the relationship are still increasing and building, and the relationship is facing all kinds of disruptions. China's reasonable development rights have been unreasonably suppressed and our core interests are facing challenges.

Bottom-line, China is the threat rapidly overtaking America in top dog power and performance.

And regarding the regional wars, they're brewing into ever-more heated contention as still far from resolved, growing conflicts, with the elephant in the room Taiwan perhaps the biggest showdown still to come. While the US feebly maintains its longstanding one China policy on paper only, sending \$8 more billion in preparation for the next war on the Eastern horizon as a potential disaster looming with no sign of resolution in sight.

Moreover, the arrogant bully US using its litany of economic sanctions as a coercive club, punishing any and all nations that dare refuse submitting to globalist/US rape, pillage and plunder, the former sole superpower has tons of gall demanding that China not support its strategic ally Russia, accusing its limited non-weapon trade as causing the war to drag on.

If the US/EU/NATO stopped sending its deadlier, as-time-goes-by war weapons to Ukraine, it would have been over years ago. Again, in US exceptionalism, it's always "do as I say, not as I do." This unabated arrogance is only making America's rapid fall into the empire graveyard that much faster, karmically destined and realistically unavoidable. If the US traitors following their masters' orders, were the only ones along with their masters to suffer for their ungodly sins, I'd be satisfied with them all reaping what they've sewn. But

tragically, for years to come, millions in the US/West stand to suffer the bloodiest, most painful consequences, paying so harshly for the egregious betrayal and treason perpetrated against them by their puppet leaders strictly following Lucifer's orders.
