By [Prof. Bill Willers](#), July 11, 2022

Early in the declared Covid19 Pandemic, America’s medical community — and this included America’s pharmacies — coalesced around a system of outlawing medicines known to be effective, safe and inexpensive, notably [ivermectin](#) and [hydroxychloroquine](#). [True Leadership at a Time of Crisis](#)

By [Julian Rose](#), July 11, 2022

Minds that work three dimensionally cannot solve the problems of the world. They can only make them worse. [Blinken’s Gone Bonkers: Russia Is Alleviating, Not Worsening, Sri Lanka’s Crisis!](#)

By [Andrew Korybko](#), July 11, 2022

By pointing to dramatic footage of recent events in Sri Lanka and telling everyone that President Putin was personally responsible for provoking chaos in a far-away land, Blinken is scaremongering by getting Westerners to fear that their country might be the next to go bankrupt and subsequently descend into disorder unless they support all of their

government's efforts to preemptively "thwart this tyrant".

By [Lucas Leiroz de Almeida](#), July 11, 2022

The impositions of global "green capitalism" are not being pacifically accepted in all parts of Europe. Taiwan and the Making of an "Asian" NATO

By [Danny Haiphong](#), July 11, 2022

NATO's ambitions are nothing more than an extension of U.S. foreign policy objectives. The primary objective of U.S. imperialism at this moment in history is the containment of China—a euphemism for war.

By [Dr. Mustafa Fetouri](#), July 11, 2022

The United States Ambassador to Tripoli, Richard Norland, who is also his country's Envoy to Libya, has been openly pushing forward a [plan](#) to deny the Libyan State the freedom of using the oil revenues in accordance with Libyan sovereignty over its resource. Oil makes roughly [98](#) per cent of the country's foreign currency earnings and the country has plenty of it.

By [Ethan Huff](#), July 11, 2022

The reason why Pfizer’s Wuhan coronavirus (Covid-19) “vaccine” was declared to be “safe and effective” by the U.S. Food and Drug Administration (FDA) is because [Pfizer lied](#) about the outcomes of its clinical trials.

[The Dollar vs. the Yuan: Global Inflation, The Federal Reserve and China’s Measures to Stabilize Her Economy](#)

By [Peter Koenig](#), July 11, 2022

Under normal circumstances inflation occurs, when too many monetary units (US dollars, Euros, Chinese Yuan) chase too few goods. But we are not living in normal times. To the contrary. We are living in an increasingly divided world, not only in political terms – West vs. East / Global North vs. Global South – but also in monetary terms.

[Being Salt of the Earth... And the Plight of Children of the World. Prof. Siegwart-Horst Günther](#)

By [Dr. Rudolf Hänsel](#), July 11, 2022

Salt is the sustaining principle that counteracts corruption or rot. The imagery of the “salt of the earth” was recently expressed by a wonderful interviewee, which immediately won me over. The topic of discussion was the human sense of community as the unshakeable logic of human coexistence and the question: Will human sense of community and the spirit of responsibility overcome greed for power and violence?
