[The Conspiracy Theory Narrative: Are You a Mind-Controlled CIA Stooge?](#)

By [Dr. Paul Craig Roberts](#), August 31 2016

Do you smirk when you hear someone question the official stories of Orlando, San Bernardino, Paris or Nice? Do you feel superior to 2,500 architects and engineers, to firefighters, commercial and military pilots, physicists and chemists, and former high government officials who have raised doubts about 9/11? If so, you reflect the profile of a mind-controlled CIA stooge.

["Electroshock" Psychiatry: ECT Therapy Damages the Human Brain](#)

By [Dr. Gary G. Kohls](#), August 30 2016

The excerpts below come from a vitally-important article that most electroshock psychiatrists can't bring themselves to read, much less acknowledge or understand, and that closed-mindedness also may include the physicians who refer patients for ECT after the experimental trials with drug cocktails have failed. The piece was written by Leonard Roy Frank a "psychiatric survivor" (google the term) who lived in San Francisco until his death in 2015. Frank was also an electroshock/insulin coma survivor, a long-time activist for human rights, and an editor/writer.

["Carrot and Stick" Carve-Up of the Occupied West Bank Will Not Work for Israel](#)

By [Jonathan Cook](#), August 31 2016

Launched this month, as much of the world was on holiday, Avigdor Lieberman's plan for the Palestinians - retooling Israel's occupation - received less attention than it should. Defence minister since May, Mr Lieberman has been itching to accelerate Israel's annexation by stealth of the West Bank. His "carrot and stick" plan has three components.

Press reports on the latest charges by both the Republican and Democratic Party candidates that their opponents have ties with the Ku Klux Klan are not surprising. Racist political culture is part and parcel of the history of the United States where the nation-state was founded through the forced removal and genocide of the indigenous Native peoples and the enslavement of Africans.

[US “Cultural Colonisation” in Asia Pacific](#)

By [Joseph Thomas](#), August 30 2016

Ancient Roman historian Tacitus (c. AD 56 – after 117) would adeptly describe the systematic manner in which Rome pacified foreign peoples and the manner in which it would extend its sociocultural and institutional influence over conquered lands. In chapter 21 of his book Agricola, named so after his father-in-law whose methods of conquest were the subject of the text, Tacitus would explain: His object was to accustom them to a life of peace and quiet by the provision of amenities. He therefore gave official assistance to the building of temples, public squares and good houses. He educated the sons of the chiefs in the liberal arts, and expressed a preference for British ability as compared to the trained skills of the Gauls. The result was that instead of loathing the Latin language they became eager to speak it effectively.
