### **[Barbarism in Words and Deeds. Barbarism of U.S. Imperial Wars is Unmatched](#)**

By [Prof. James Petras](#), October 03 2016

Over the past decade and a half, the US and its allies have invaded, occupied, killed, wounded and dispossessed over ten million people, from Afghanistan, Iraq, Somalia, Libya, Syria, Yemen and Lebanon. Military and civilian officials have systematically destroyed entire economies, fostered ethno-religious wars, and placed corrupt political puppets in power.

### **[Americans: Life, Liberty and the Pursuit of Happiness? Pith or Myth? Who are we Anyway?](#)**

By [John Kozy](#), October 03 2016

Do you really believe that people are endowed by their creator with certain unalienable rights among which are life, liberty and the pursuit of happiness? If so, you are totally irrational. No! You are deranged. Since human beings evolved, they have been taking each other's lives and enslaving others. And as for pursuing happiness? Whether you chase it until the end of your life, no one will ever care. Having a right to pursue it is irrelevant. Attaining it is what matters, and no one has even ever suggested that people have that right. When Jefferson put those sentiments into the Declaration of Independence, he knew they were pure propaganda.

By [William Blum](#), October 03 2016

"Russia suspected of election scheme. U.S. probes plan to sow voter distrust." That's the Washington Post page-one lead headline of September 6. Think about it. The election that Americans are suffering through, cringing in embarrassment, making them think of moving abroad, renouncing their citizenship; an election causing the Founding Fathers to throw up as they turn in their graves ... this is because the Russian Devils are sowing voter distrust! Who knew?

By [Tony Cartalucci](#), October 03 2016

Recent protests held across North America and Europe staged by supporters of armed militants in Syria have staged scenes in Western streets eerily similar to those featured in the photos and videos of the US-European funded “Syrian Civil Defence” also known as the “White Helmets.”

## **[Propaganda Techniques of Empire](#)**

By [Prof. James Petras](#), October 03 2016

Washington’s quest for perpetual world power is underwritten by systematic and perpetual propaganda wars. Every major and minor war has been preceded, accompanied and followed by unremitting government propaganda designed to secure public approval, exploit victims, slander critics, dehumanize targeted adversaries and justify its allies’ collaboration. In this paper we will discuss the most common recent techniques used to support ongoing imperial wars.

## **[Cyberspace, Information Warfare and Public Access to the Internet](#)**

By [John Stanton](#), October 03 2016

There is an inverse relationship between public access to the Internet and the inability of governments and institutions to control information flow and hence state allegiance, ideology, public opinion, and policy formulation. Increase in public access to the Internet results in an equivalent decrease in government and institutional power. Indeed, after September 11, 2001, Internet traffic statistics show that many millions of Americans have connected to alternative news sources outside the continental United States. The information they consume can be and often is contrary to US government statements and US mainstream media reporting.
