[CIA Spills the Beans About Deep Involvement in Ukraine: Part of Ploy to Undercut Republican Congressional Opposition to War](#)

By [John Kiriakou](#), March 07, 2024

The *Times's* article has all the hallmarks of a deep, inside look at a sensitive—possibly classified—subject. It goes in depth into one of the Intelligence Community's Holy of Holies, an intelligence liaison relationship. But in the end, it really is not. By [Dr. Paul Craig Roberts](#), March 07, 2024

Big Pharma is dealing with the problem by rounding up a collection of its grant-bribed medical researches to admit the problem but to trivialize it as “rare.” From all appearances Big Pharma put together an international study by 21 medical “scientists” that concluded from 99 million vaccinated individuals that the mRNA vaccines have “rare” harmful effects.

By [Dr. William Makis](#), March 07, 2024

[Gaza: Genocide by Starving](#)

By [Jamal Kanj](#), March 07, 2024

It is important to point out, the targeting of aid trucks at the Nabulsi roundabout is neither the first nor the last of Israeli attempts to obstruct the delivery of food aid in Gaza. Approximately three weeks prior, on February 6, Israel fired upon a crowd gathering at the Kuwaiti roundabout, while naval gunboats targeted UNRWA [humanitarian food trucks](#).
