Global Research strives for peace, and we have but one mandate: to share timely, independent and vital information to readers across the globe. We act as a global platform to let the voices of dissent, protest, and expert witnesses and academics be heard and disseminated internationally.

We need to stand together to continuously question politics, false statements, and the suppression of independent thought.

[Deporting Palestinians?](#)

By [Stephen Lendman](#), September 27, 2017

Israel's Knesset is infested with militant hate-mongering right-wing extremists, terrorizing Palestinians, falsely blaming them for state-sponsored high crimes.

[Analysis by Analogy: Myanmar Is Not Syria](#)

By [Tony Cartalucci](#), September 27, 2017

In Myanmar, while the US and its Saudi partners are apparently fueling militancy among the Rohingya population, it was the US itself who for decades built up the political networks of the current ruling regime, with Aung San Suu Kyi a whole-cloth creation of Western media narratives, immense funding and political support, and a carefully crafted facade to obfuscate from the public for decades the true, nationalist and even genocidal nature of Suu Kyi's supposedly "Buddhist nationalist" support base.

[There Is No Rehabilitating the Vietnam War](#)

By [Robert Freeman](#), September 27, 2017

[Cold War Then. Cold War Now.](#)

By [William Blum](#), September 27, 2017

By [The Saker](#), September 27, 2017

As for the Kurds, their situation in Syria is precarious, to put it mildly: they are surrounded on all sides by the Turks, the Syrians and the Iranians and their only more or less stable zone of control is in Iraq. The Americans understand that perfectly, hence their desperate attempts to stop the Syrians.
