

Selected Articles: More on COVID-19, Economic Crisis and NATO

By [Global Research News](#)

Global Research, May 14, 2020

To say that the public has become disillusioned and wary of constant doomsday media reports and news coverage is a gross understatement — people see their world changing and they want to understand what is happening, and why. They want to be informed and therefore be prepared. They want the freedom to make educated choices instead of being told what to do by the very individuals and institutions that have led them into chaos.

In an effort to provide this resource to our readers, Global Research has remained independent and continues to deliver vital and timely information, for free, on a daily basis. If reading our pages helps in some way make sense of this crazy world we live in where it is deemed too risky to give your dear mother a hug on mother's day, we kindly ask you to consider becoming a member or making a donation so that we may continue our project and keep the information circulating:

[US Government Fails to Prevent a Worsening Economic Downturn](#)

By [Abayomi Azikiwe](#), May 14, 2020

Senate Republican Majority Leader Mitch McConnell of Kentucky suggested several weeks earlier that state governments facing shortfalls in revenue due to the drastic decline in sales, property and income tax revenues prompted by the massive economic dislocation resulting from the COVID-19 pandemic, should consider the federal bankruptcy courts as a possible solution to the enormous funding problems which are already jeopardizing education, municipal services and public construction projects.

[April 2020 Rockefeller Foundation Paper Urges Testing and Tracing Entire US Population](#)

By [Makia Freeman](#), May 14, 2020

A 2020 Rockefeller Foundation Paper now proposes the next phase of the solution to the coronavirus crisis – after the [2010 Rockefeller Foundation Paper](#) which predicted and analyzed the problem and reaction. It's problem-reaction-solution, Rockefeller-Gates style. Last month on April 21st, the New World Order (NWO) manipulators released a 2020 Rockefeller Foundation Paper entitled [National Covid-19 Testing Action Plan – Pragmatic steps to reopen our workplaces and our communities](#). This came after countless MSM appearances by NWO frontman, eugenicist and depopulation-via-vaccines enthusiast Bill Gates claiming you would need [digital certificates and immunity passports](#) to travel around again, and that your inherent rights such as the right to gather or assemble may never return [unless you're vaccinated](#).

[Beginning of the End of German Support for NATO](#)

By [Mish](#), May 14, 2020

Make way for the Greens and the Leftists. They do not want US nuclear weapons on German soil.

Angela Merkel will soon be gone. The next German coalition already shares new ideas in many areas including NATO.

[Don't Expect to See Trump's Tax Returns Before the Election](#)

By [Prof. Marjorie Cohn](#), May 14, 2020

Donald Trump claims that while he is president, his pre-presidency financial records can't be subpoenaed and he can't even be investigated for criminal conduct. The Supreme Court will decide by the end of June whether Trump is indeed beyond the reach of the law.

On May 12, the Supreme Court heard oral arguments about whether Trump can block subpoenas for his tax and other financial records that predate his presidency. Although prior presidents made their tax returns public, Trump has steadfastly refused to reveal his. In 2016, he promised to release them when the purported "audit" is complete. But they remain under wraps.

[HR 6666: The Testing, Reaching and Contacting Everyone \(TRACE\) Act. Towards a Totalitarian State?](#)

By [Renee Parsons](#), May 13, 2020

Some weeks ago the UN's World Health Organization recommended house to house searches for family members infected with COVID 19 and the removal of those infected into a mandatory quarantine. The American reaction was mostly 'it could never happen here' but that has not stopped House Democrats from introducing [HR 6666](#) also known as the TRACE (Testing, Reaching and Contacting Everyone) Act.

[The COVID-19 Crisis in the U.S.: How Many More Innocent People Have to Die?](#)

By [Prof. Joseph H. Chung](#), May 13, 2020

Since Trump took over the power in Washington in 2016, China has been considered as a serious threat to Washington's global domination. Washington has deployed all possible means to discredit the Chinese regime, destabilize the Chinese economy and isolate China from international decision making.

In Trump's eyes, China bashing has very useful roles to play in the dynamics of the COVID-19 crisis in the U.S. Trump can make China the scapegoat, generate anti-China feeling and attribute Washington's poor anti-virus policy to China. China bashing can be a good tool of covering up the policy failure.

[German Foreign Policy Is a CIA Front](#)

By [Aidan O'Brien](#), May 13, 2020

Is it really in Germany's interest to destabilize a region that has already been crippled by multiple wars? On the surface Germany doesn't appear to have a stake in the politics of Lebanon. Indeed, from whatever angle the situation is viewed from, Germany qua Germany doesn't have a meaningful stake in Lebanon. Yet Berlin is assaulting the sovereignty of this small Mediterranean nation that means no harm.
