[Israel Is, Like the US, Prime Target for New Mass Uprising](#)

By [Michael Jansen](#), June 05, 2020

Having announced he would begin the process to annex portions of the occupied Palestinian West Bank on July 1, he must be concerned that in response, violence, similar to the rioting in the US, could erupt in the, so far, mainly quiet West Bank and East Jerusalem. After more than a century of Palestinian resentment and resistance to expropriation and suppression, Israel is, like the US, a prime target for a new mass uprising, a Third Intifada.

[The Shallow Deep-State Goes Deeper as It Moves Toward Martial Law](#)

By [Edward Curtin](#), June 05, 2020

The people who own the United States and their allies around the world have a plan. It is so simple that it is extremely devious. Their plan has been in operation for many years. It has most people bamboozled because it is Janus-faced by design, overt one day, covert the next, but both faces operate under one controlling head. Some call this head the Deep-State. Even the Deep-State calls itself the Deep-State in a double fake. It is meant to make people schizoid, which it has.

[Obama’s Essay on Protests: Maintaining the Status Quo](#)

By [Robert Fantina](#), June 05, 2020

Former **President Barack Obama** has weighed in on the current civil unrest and ongoing racial injustice. While most people recognize his intelligence, especially when compared to the irrational blustering of his successor, his calm, measured opinion on how the nation should move forward only perpetuates the current injustices.

[Is Orchestrating the Violent Riots](#)

By [Michael Snyder](#), June 05, 2020

The Department of Justice has announced that it is attempting to determine if there is a “coordinated command and control” behind the violent riots that have erupted all over the United States. In recent days, officials all over the country have used words [such as “organized” and “organizers”](#) to describe the orchestration that they have been witnessing in their respective cities. And all over the U.S., law enforcement officials have reported finding huge piles of rocks and bricks pre-staged at protest locations in advance, and scouts have often been used to direct rioters to locations where police are not present. In addition, something that we have been hearing over and over again is that many of the people that are involved in the violence are not known by any of the locals.

[The Corona “Global False Alarm”, the Campaign against Racism and Neoliberalism](#)

By [Prof Michel Chossudovsky](#), June 04, 2020

Across America, as well as in Western Europe, there is an ongoing campaign against racism following the dramatic events in Minneapolis. Our thoughts are with **George Floyd**, his family and friends. We stand in solidarity with African-Americans who are the target of police killings and racial discrimination. Colonial and contemporary history has left its mark. Today, African-Americans are also the victims of neoliberalism which triggers poverty, social inequality and unemployment.

[How Endless War Contributes to Police Brutality](#)

By [Bonnie Kristian](#), June 05, 2020

It is not a conversation we may quickly or easily conclude. The [problems in American](#) policing [are](#) multitude and [systemic](#), matters [of](#) both [policy](#) and [culture](#). Much of this [can only be](#) corrected at the state or local level, and as there are around 18,000 law enforcement agencies in the United States, this is a monumental task. In [very few cases](#) could sweeping federal action affect any substantive reform.

[The Truth Behind the Murder of Robert F. Kennedy: Conspiracy and Cover-up](#)

By [Michael Welch](#), [William Pepper](#), and [Mark Robinowitz](#), June 04, 2020

On June 6th 1968, one more flame illuminating a social landscape darkened by war, poverty, and civil unrest was snuffed out, and along with it, any optimism of a peaceful transition to a brighter future.

The shooting death of Senator and Presidential candidate **Robert F. Kennedy** at the Ambassador Hotel in Los Angeles, apparently at the hands of a lone assassin marked the third such murder of high profile political leader in the United States in a five year period, and the second in a little over two months.
