dramas, novels and philosophical essays.

The patterns of neocolonial intervention in the majority world by the United States and its allies since their victories over Nazi Germany and Imperial Japan in 1945 are very clear. Almost immediately the Western countries started a cycle of bloody aggression against peoples resisting colonialism, followed later by the dependence of most African and Asian countries on the ruthless Western economic system.

By [Eric Zuesse](#), August 07, 2023

Ukraine’s war started in February 2014, not in 2022. As NATO’s Secretary General Jens Stoltenberg said on 9 May 2023, [“The war started in 2014.”](#) He even was explicit that [“You have to remember that the war didn’t start in 2022”](#) (which was when Russia responded on 24 February 2022 by invading Ukraine).
