By [Patricia Harrity](#) and [Dr. Mike Yeadon](#), December 11, 2023

I’m going to tell you that the design of the so called vaccines was intentionally to harm people, and I’m going to give you several examples of that based on my extensive industry experience of rational drug design. Not a single atom or molecule in a synthetic drug is in there.

[The View from Washington: Let the Killing in Gaza Continue](#)

By [Dr. Binoy Kampmark](#), December 11, 2023

Bloodletting as form; murder as fashion. The ongoing campaign in Gaza by Israel’s Defence Forces continues without stalling and restriction. But the burgeoning number of corpses is starting to become a challenge for the propaganda outlets: How to justify it? Fortunately for Israel, the United States, its unqualified defender, is happy to provide cover for murder covered in the sheath of self-defence.

A Data for Progress poll conducted between October 18 and 19 found that 66% of Americans want a U.S. call for a ceasefire. As reflected in the votes on U.N. resolutions demanding a cease fire, there is a larger majority of the rest of humanity demanding same.

By [Craig Murray](#), December 10, 2023

There are [149 states party](#) to the [Genocide Convention](#). Every one of them has the right to call out the genocide in progress in Gaza and report it to the United Nations. In the event that another state party disputes the claim of genocide – and Israel, the United States and the United Kingdom are all states party – then the International Court of Justice is required to adjudicate on “the responsibility of a State for genocide”.

By [Xander Nieuws](#), December 10, 2023

A clinical scientist and immunologist-virologist at a southern California laboratory says he and colleagues from 7 universities are suing the CDC for massive fraud. [Israel-Palestine War: The Big Picture. Peter Koenig](#)

By [Peter Koenig](#) and [Mike Adams](#), December 09, 2023

Some “experts” say with full conviction Hamas is winning this war. They base it on Hamas having achieved a ceasefire which they consider is already a “win”. And then they said getting Israel to accept a 2-day extension is a further sign of Hamas upper-hand. That is just wishful thinking. An illusion at best. It would be desirable.

[The Genocidal State of Israel. Let It Happen or Make It Happen?](#)

By [Prof. Anthony J. Hall](#), December 09, 2023

There are many facets of the obfuscation and uncertainty surrounding the events of October 7 that are quite similar to those permeating the events of 9/11. As with 9/11, the uncertainties involving the real story of October 7 provided no hindrance to immediately setting in motion a ruthless campaign of lethal military attacks on an entrapped and mostly defenceless civilian population.
