[Does the PCR Test Affect the Pineal Gland? Humans and “Transhumans”. Dr. Astrid Stuckelberger](#)

By [Peter Koenig](#), June 10, 2021

Dr. Stuckelberger goes on saying – and I am paraphrasing – that the different task forces of experts advising the decision makers are all fraught in conflict of interest, because they have been told what they have to advise, that they were dismantled many times since the beginning of the “plandemic” by *real* scientists, but these *real* scientists, who present *real science* are not published, because all the media are bought.

[The Israeli Government Is Changing, but Some Things Remain the Same](#)

By [Philip Giraldi](#), June 10, 2021

Israel is undergoing a change of management, with reliably hardline **Prime Minister Benjamin Netanyahu** being replaced by extreme nationalist **Naftali Bennett**. Bennett has at intervals favored the disenfranchisement of non-Jewish Israeli citizens and the ethnic cleansing of all non-Jews from historic Palestine, killing them if necessary.

A new report published in [Railway Age magazine](#) and written by the Information Technology Innovation Foundation (ITIF) has sounded the alarm about China’s growing high-speed rail sector. [Cell Phone Apocalypse](#)

By [Arthur Firstenberg](#), June 10, 2021

I recently received a letter in the mail from a woman in Florida describing the illnesses from which she has suffered for the past dozen years: Hashimoto's disease, liver dysfunction, sinus infection, "exploding head," complete loss of smell and partial loss of taste. "After all this time," she wrote, "I now wonder how much radiation has been a part of my illness."

[China's Space Program](#)

By [South Front](#), June 10, 2021

While national prestige is a major motivating factor behind the construction of aircraft carriers and major surface combat ships (though less so with the largely invisible submarines), the same is even more true for space projects, such as high-visibility "first flights" or "first landings", not to mention of course space stations.

[High-end Warfare: U.S., NATO End Live-fire Space War/Star Wars Drills in Arctic](#)

By [Rick Rozoff](#), June 10, 2021

The fourth iteration of the Formidable Shield air and missile defense exercise [started off Scotland's Hebrides islands on May 15](#) and ended in Norway's Arctic North on June 3. Europe's largest anti-missile exercise, it was led by U.S. Sixth Fleet and conducted by Naval Striking and Support Forces NATO. The two share a commander, Vice Admiral Eugene Black III. (As NATO's Supreme Allied Commander Europe and the commander of U.S. European Command are the same.)

[Cleveland Clinic: Already Had COVID? Vaccine Provides No Added Benefit](#)

By [Megan Redshaw](#), June 10, 2021

A Cleveland Clinic study of the effectiveness of COVID vaccines in people with a history of previous SARS-CoV-2 infection and those without found those who had COVID but weren't vaccinated appeared to have acquired strong natural immunity. A [new preprint study](#) by the Cleveland Clinic found people previously infected with SARS-CoV-2 were less likely to be reinfected than fully vaccinated individuals who never had the virus — suggesting the vaccine is of no benefit to people who already had COVID.

[Global Pushback Against Tyranny Has Begun](#)

By [Dr. Joseph Mercola](#), June 10, 2021

The PCR test is at the heart of the COVID-19 scam. Without the PCR fraud and the asymptomatic spreader lie, the COVID-19 pandemic would have been a short-lived blip.

[There Is Still Time to Stop the \\$735 Million Arms Sale to Israel](#)

By [William Hartung](#), June 10, 2021

The Biden administration sparked vocal protests at home and abroad with last month's decision to go full speed ahead on a sale of \$735 million of precision-guided bombs to Israel. The sale moved forward even as Israel was in the midst of a devastating bombing campaign in Gaza that killed over [250](#) Palestinians, including at least [67 children](#), and drove [52,000 people](#) from their homes.

[Vaccine Casualties: Is the CDC Hiding the Real Numbers?](#)

By [Tea Lynn Moore](#) and [Dale Hawkins](#), June 10, 2021

The Vaccine Adverse Events Reporting System (VAERS) is the post-marketing surveillance system the FDA asks healthcare professionals to report adverse vaccine events to. The system is passive, meaning: when a healthcare professional recognizes a connection between an adverse event and a vaccine, the report is only made when they choose to take the time out of their day to record it.
