By [Dr. William Makis](#), May 23, 2023

I have not seen any doctor or scientist discussing the phenomenon of multiple heart attacks or multiple strokes in COVID-19 vaccinated individuals. Seven heart attacks, nine strokes, this is not normal. These strange events are occurring in young people and often in rapid succession. Sometimes fatal.

Abrams describes savage

US-NATO military interventions that trivialize the scourges of Attila the Hun.

Well, if you thought the American Civil War ended back in 1865, you are apparently wrong. And I'm not saying this because I'm at a Black HBCU, I say it wherever I go."
