## [Vaccine Choice Canada: Open Letter to the College of Physicians and Surgeons of BC](#)

By [Ted Kuntz](#), June 30, 2021

The recent statement issued by the College of Physicians and Surgeons of BC (CPSBC) [1] is a clear violation of the mission of the CPSBC to “act first and foremost in the interest of the public.” [2] The CPSBC fails in this duty by stifling genuine inquiry into what is best for patients and threatening to sanction any doctor who dares to question the merits of the prevailing measures.

## [FDA Reverses Itself: Rejects COVID Antibody Test Results; Insanity Reigns](#)

By [Jon Rappoport](#), June 30, 2021

Even a robot programmed to “follow the science” would throw up his hands in despair while reading the latest FDA COVID pronouncement. After untold numbers of people have been given antibody tests to determine their COVID status, the FDA now states, “Today, the U.S. Food and Drug Administration issued a safety communication informing the public that results from SARS-CoV-2 antibody tests should not be used to evaluate immunity or protection from COVID-19 at any time, and especially after the person received a COVID-19 vaccination.”

## [The Configuration of Sensation: Paul Cézanne’s Drawings at the Museum of Modern Art](#)

By [Prof. Sam Ben-Meir](#), June 30, 2021

New York’s Museum of Modern Art is currently presenting an exhibition devoted to an in-depth review of Paul Cézanne’s drawings. If there is any criticism to be made of this extraordinary show, it is that it is frankly overwhelming: with roughly 280 pencil, ink and gouache drawings and watercolors (and even a handful of oil paintings), there is so much to

take in that two or three visits to the exhibition may be required to do it justice.

### **Atlantic Stormwind in the Black Sea**

By [Manlio Dinucci](#), June 30, 2021

The large aeronaval maneuver Sea Breeze, officially “co-hosted by the United States and Ukraine” in the Black Sea, began yesterday. The United States planned and command it, it is, therefore, the host in this sea close to Russian territory. Sea Breeze takes place from June 28 to July 10. It is led by US Naval Forces Europe-Africa / Sixth Fleet with headquarters in Naples. It includes naval, submarine, amphibious, land, and air warfare exercises.

### **Why Children Should Not Receive the COVID Shot**

By [Dr. Joseph Mercola](#), June 30, 2021

While benefits were rare and short-lived, side effects were common and long-term effects are completely unknown. In the 12-to-15 age group, 75.5% experienced headache, along with a long list of other transient side effects. However, more serious systemic adverse events also occurred in 2.4% of the trial subjects receiving the actual mRNA shot.

### **Ivermectin’s Success in Battling COVID-19**

By [David Heller](#), June 30, 2021

A recently [published study](#) in this month’s American Journal of Therapeutics, took an in-depth look at 18 randomized controlled studies on the use of Ivermectin to control COVID-19. The study concludes that the use of Ivermectin “significantly reduced risks of contracting COVID-19” and “found large, statistically significant reductions in mortality, time to clinical recovery, and time to viral clearance.”

### **Netanyahu Is Out but Nothing Has Changed**

By [James J. Zogby](#), June 30, 2021

One month after the end of the last hostilities between Israel and Hamas, events on the ground demonstrate that little has changed. And once again the US media is ignoring Israel’s creeping annexation of Palestinian lands and their brutally aggressive behaviors toward the Palestinian people.

## [How Real Science Became Fake News](#)

By [Josh Mitteldorf](#), June 30, 2021

Thirty years ago, the man who taught me quantum mechanics at Harvard wrote that the suppression of debate will be the “[death of science](#)”. Perhaps he saw the shape of things to come. Today, science is being perverted for political ends to an unprecedented extent. To look for an appropriate analogy, we would have to go back to the authority of the Church in medieval Europe.

## [FBI Fabrication Against Assange Falls Apart](#)

By [Craig Murray](#), June 30, 2021

On the final day of the Assange extradition hearing, magistrate **Vanessa Baraitser** refused to accept an affidavit from Assange’s solicitor **Gareth Peirce**, on the grounds it was out of time. The affidavit explained that the defence had been unable to respond to the new accusations in the United States government’s second superseding indictment, because these wholly new matters had been sprung on them just six weeks before the hearing resumed on 8 September 2020.

## [Losing the Plot on COVID. Health Issue Flagrantly Politicized](#)

By [Daniel Rabil](#), June 30, 2021

What happens when a population of introverts, hypochondriacs, and obsessive-compulsives is continuously bombarded with messages to seclude and disinfect themselves, for fear that COVID-19 prickle-balls lurk everywhere, waiting to attack?
