[What is Covid-19, SARS-2. How is it Tested? How is It Measured? The Fear Campaign Has No Scientific Basis](#)

By [Prof Michel Chossudovsky](#), September 02, 2020

The data and concepts have been manipulated with a view to sustaining the fear campaign.

The estimates are meaningless. The figures have been hyped to justify the lockdown and the closure of the national economy, with devastating economic and social consequences. The Virus is held responsible for poverty and mass unemployment.

[‘The Corruption Is Bottomless’: Documents Reveal Chair of Postal Service Board Is Director of McConnell-Allied Super PAC](#)

By [Jake Johnson](#), September 02, 2020

Senate Majority Leader **Mitch McConnell’s** deep and longstanding ties to U.S. Postal

Service Board of Governors chairman **Robert Duncan** are coming under heightened scrutiny after corporate paperwork filed Monday listed Duncan as a director of a major GOP super PAC [closely aligned](#) with the Kentucky Republican.

The new [filing](#) (pdf) with Virginia's State Corporation Commission—an independent regulatory agency that oversees political action committees—names Duncan as one of three directors of the Senate Leadership Fund, a massive super PAC that has spent nearly \$18 million in support of [Senate Republicans](#) thus far in the 2020 election cycle.

[**US Seeks Formal Alliance Similar to NATO with India, Japan and Australia**](#)

By [Robert Delaney](#), September 02, 2020

The US government's goal is to get the grouping of four countries and others in the region to work together as a bulwark against "a potential challenge from China" and "to create a critical mass around the shared values and interests of those parties in a manner that attracts more countries in the Indo-Pacific and even from around the world ... ultimately to align in a more structured manner", said **Deputy Secretary of State Stephen Biegun**.

[**Since 9/11, the Government's Answer to Every Problem Has Been More Government**](#)

By [John W. Whitehead](#), September 02, 2020

Every crisis—manufactured or otherwise—since the nation's early beginnings has become a make-work opportunity for the government to expand its reach and its power at taxpayer expense while limiting our freedoms at every turn.

Indeed, the history of the United States is a testament to the old adage that liberty decreases as government (and government bureaucracy) grows. To put it another way, [as government expands, liberty contracts](#).

[**All the Latest on Trump's War on Our Public Postal Service**](#)

By [Sarah Anderson](#), September 02, 2020

Less than two months after Trump ally and GOP megadonor **Louis DeJoy** took the helm of the U.S. Postal Service, the House of Representatives met in an emergency session to address widespread fears about potential sabotage of this vital public agency at a time when it is needed more than ever to deliver medicine and other essentials and to facilitate mail-in voting.

On August 22, 26 Republicans joined 231 Democrats to pass [H.R. 8015](#), which addresses

these concerns by: providing \$25 billion in direct emergency relief for USPS, requiring all official election mail to be treated as “first-class mail,” and prohibiting the removal of mail sorting machines and mailboxes and reversing any already implemented changes that could delay mail delivery.

[Big Pharma’s Man at FDA to Approve Coronavirus Vaccine Before Clinical Trials Completed?](#)

By [Stephen Lendman](#), September 02, 2020

At times, meds are more dangerous than diseases they’re supposed to protect against or cure.

Independent experts agree that all vaccines are hazardous to human health because they contain mercury, aluminum, formaldehyde, phenoxyethanol (antifreeze), and other toxins able to weaken and potentially destroy the human immune system.

[If Trump Tries to Hijack the Election, We Must be Ready to Resist](#)

By [Prof. Marjorie Cohn](#), September 02, 2020

For nearly four years, we have been laser focused on November 3, 2020, the day that **Donald Trump** could be voted out of office. In all likelihood, however, the election will not be decided that evening as it has in the past (with the notable exception of the [2000 election](#)). That is because in order to protect themselves against COVID-19, a record number of people will forego the polls and mail their ballots, which take longer to count. There are several scenarios of what could transpire between November 3 and January 20. All of them are frightening.
