[Hillary Clinton Is Spreading Islamist Extremism, Hillary's Saudi Sponsors Support Terrorism](#)

By [Andre Vltchek](#), August 26 2016

If the West in general and the United States in particular, left the Arab and Muslim world alone and in peace, we would most likely never see all those terrorist attacks, which are rocking the world from Indonesia to France. There would be no Mujahedeen and its mutation into al-Qaeda; in Afghanistan or elsewhere. There would be no traces of the ISIS (or ISIL or I.S. or Daesh or however you choose to call it), in Syria, Iraq, Libya or anywhere else.

[Bernie Sanders' Dubious "Our Revolution" Initiative. Fake Leftist "Big Money Politics"](#)

By [Stephen Lendman](#), August 26 2016

He's no more a progressive revolutionary than any other member of Congress, nor Washington's bipartisan criminal class, bureaucrats included – Sanders a card-carrying member throughout his deplorable political career. Endorsing Hillary Clinton after rhetorically campaigning against what she represents exposed his duplicity – a progressive in name only. An opportunist for his own self-interest, he wants his extended 15 minutes of fame made more long-lasting.

[Unworthy Victims: Houthis in Yemen, Hutus in Burundi](#)

By [Ann Garrison](#), August 26 2016

Last week the U.S. helped its Saudi pals bomb another hospital and school in Yemen, killing 25, including at least 10 children. Don't imagine that its intentions are any more humanitarian in Burundi just because they're not selling fighter bomber jets, MK-84 laser guided bombs or GBU-31 satellite-guided bombs to their pal Paul Kagame, Rwanda's president for life. Kagame is intent on bringing down President Pierre Nkurunziza's

government in Burundi, as Saudi sheikhs are intent on bringing down the Houthi government in Yemen.

[The Terrors of Free Speech: Australia's Racial Discrimination Act](#)

By [Dr. Binoy Kampmark](#), August 26 2016

When sections in a piece of legislation assume their own properties, the state of debate is bound to be strained. In Australia, the Racial Discrimination Act (RDA), notably section 18C, has again become a central ball of political play. Sections 18C and 18D were introduced as legislative responses to the 1991 National Inquiry into Racist Violence and the Royal Commission into Aboriginal Deaths in Custody. The assumptions of these reports attribute to words, particularly those used in a certain way, dangers that can cause emotional and psychological harm.

[New US Intervention in Libya. Washington Wants Chaos Throughout the Middle East](#)

By [Peter Koenig](#), August 26 2016

Forces aligned to the UN-backed Government of National Accord (GNA) in Libya made gains in Sirte, Monday, as they continue to battle the self-proclaimed Islamic State (IS; formerly ISIS/ISIL). Reportedly, the pro-government militias captured the main mosque and the Internal Security Agency, which was used as a morality prison by the Islamic State.
