[“The Horror, The Horror” in Gaza. What Is the UN Good for? Where Is the Human Rights Commission When It Is Needed? Chris Hedges](#)

By [Chris Hedges](#) and [Peter Koenig](#), November 13, 2023

The Horror is of thousands and thousands – tens of thousands, maybe hundreds of thousands — dead bodies disintegrating in the rubbles of indiscriminately IDF-bombed hospitals, apartment buildings, mosques – you name it. The Horror is of universal bearing, especially since the world – HUMANITY, yes, humanity – just looks on. That, in itself, is beyond words, beyond imagination, beyond the spirit of anything that calls itself human.

Authorities in Kiev are attempting to organise a direct conversation between Ukrainian President Volodymyr Zelensky and former US President Donald Trump, the likely Republican candidate expected to run against the Democrats in 2024. [Video: Brutal COVID Authoritarian Insists on ‘a Little Grace and Forgiveness’ for Lockdowns and Mandates](#)

By [Ben Bartee](#), November 13, 2023

At the time, evidence of the criminality of the Public Health™ and pharmaceutical in developing experimental gene therapies marketed as “vaccines” and then enforcing brutal, siege-style lockdowns and mandates on the population with the explicit aim of enforcing “compliance” by taking them was mounting. Denialism — which had been the predominate strategy up until that point — was no longer viable.

[Unintended Ironies: Condemning the Armistice Day Marches](#)

By [Dr. Binoy Kampmark](#), November 13, 2023

Armistice Day is one of those disturbing occasions of the year when humanity’s folly is laid bare. It should be an occasion to remind said humanity about the stupid waste occasioned by war and its war-crazed planners who generally elude the dock; instead, it’s an occasion to extol its virtues and remind the reactionaries that war can be a mighty fine thing to pursue in the name of an ideology, cock-eyed belief or a sense of self-worth.

[Going Nowhere and Doing Nothing Under Martial Law. Emanuel Garcia](#)

By [Dr. Emanuel Garcia](#), November 13, 2023

There are many ways to kill: slow or quick, silently, insidiously and by imperceptible degrees — or cataclysmically loud, as in open battle. And we are seeing all of them play out across our stricken globe.

[How Can Young People Play a Pioneering Role in Shaping the Future? The Principles of Freedom, Equality and Fraternity.](#)

By [Dr. Rudolf Hänsel](#), November 13, 2023

Since human character traits are developed in childhood, educators must be trained who are capable of raising a generation that can realise a new and humane social order. Since young people often complain that their parents do not understand them and therefore resent them, it is of great importance that both generations are reconciled with each other. This is most successfully achieved through psychotherapy.

[We Are Spartacus. John Pilger](#)

By [John Pilger](#), November 13, 2023

There can't be democracy and colonial war; one aspires to decency, the other to fascism. Meanwhile, once welcomed mavericks are heretics now in an underground of journalism amid a landscape of mendacious conformity.

[Unconstitutional Killings](#)

By [Judge Andrew P. Napolitano](#), November 13, 2023

The Biden administration is killing people, openly in Ukraine and Gaza and secretly around the world. It has continued to use the killing machinery crafted by President George W. Bush, expanded by President Barack Obama, and employed by President Donald Trump. These presidents have used drones and other unmanned projectiles to target persons in foreign countries with which the United States is not at war.
