[BRICS Will Almost Certainly Formalize a Relationship with Ethiopia During Its Next Summit](#)

By [Andrew Korybko](#), July 05, 2023

BRICS countries understand that formally expanding the number of equal members could change the dynamics of the entire organization, which is why it's treading very carefully and considering pragmatic compromises between the zero-sum choice of membership or non-membership. For this reason, while Ethiopia likely won't join as a formal member, it'll almost certainly formalize a relationship via BRICS+.

[Christianity's Survival in Israel Is Under Attack](#)

By [Philip Girdi](#), July 05, 2023

Russia's "Success". US-NATO's Unspoken Military Failures, "Western Stupidity Is Everywhere"

By [Karsten Riise](#), July 04, 2023

It is astounding how stupidly (sorry) the West has expected that it could just "roll-over" Russia in the planned Ukrainian "biggest counteroffensive" in the south of Ukraine. The Western stupidity (sorry) has been everywhere, from Biden to Stoltenberg, to US media, and down to every single Ukrainian foot soldier - as witnessed here by the [New York Times](#).

Post-American Society and the War on Human Sentience. "The Weaponization of Education"

By [David Penner](#), July 04, 2023

Everyone has had encounters with Americans who have advanced degrees and yet have a kindergartner's understanding of politics and the world in which we live. How did this happen? How did the United States become such a wasteland of mindlessness, irrationality, and intellectual bankruptcy?

On Launching the New International War Crimes Tribunal

By [Stephen Karganovic](#), July 04, 2023

Rudyard Kipling was basically right. That being said, as they complete their task, the countries which are setting up the urgently needed international Tribunal to look into the war crimes committed in the Ukraine and the environs by the Kiev neo-Nazi regime and its foreign sponsors should make sure not to prove Kipling right once again. In this case, that would work to the immense detriment of justice.

80 Years Ago: The 1943 Battle of Kursk: Largest Tank Battle in History

By [Dr. Leon Tressell](#), July 04, 2023

German Leopard tanks have been destroyed in Ukraine's ongoing summer offensive in combat with Russia forces. There is a sense of irony that this is happening on the 80th anniversary of the largest tank battle in history at Kursk in July 1943. Just as in 1943 these much hyped 'wunderwaffe' have failed to break Russian defences much to the chagrin of the collective West.

[Happy July Fourth, Formally Known as Independence Day](#)

By [Emanuel Pastreich](#), July 04, 2023

Today is a glorious day that will give you a chance to consume processed foods supplied by multinational corporations using GMO plants and animals that were shipped to supermarket chains owned by the House of Saud, or even directly by the House of Walton, by container ships controlled by monopolistic trade, supply chain, and logistic networks.

By [Peter Koenig](#), July 04, 2023

For those who haven't heard yet or only read / listen to mainstream media, the climate crime - and there is no other term for it - has taken a new turn for the worse. On June 30, the Finnish Minister for Economic Affairs, Mr. Vilhelm Junnila, had to resign over his "climate abortion" speech.
