

Selected Articles: Geopolitics, Human Rights and Big Pharma

By [Global Research News](#)

Global Research, July 07, 2020

We hope that by publishing diverse view points, submitted by journalists and experts dotted all over the world, the website can serve as a reminder that no matter what narrative we are presented with, things are rarely as cut and dry as they seem.

If Global Research has been a resource which has offered you some solace over the past few months, we ask you to make a financial contribution to our running costs so that we may keep this important project alive and well! We thank you for your support!

[Nicaragua - Virtual Reality and Human Rights](#)

By [Stephen Sefton](#), July 06, 2020

Ever since January 2007, the Western human rights industry has attacked Nicaragua's Sandinista government for being undemocratic and repressive. For over a decade, Nicaragua's social and economic development and successive democratic elections repeatedly contradicted that mendacious narrative. Frustrated by Nicaragua's embarrassing example of undeniable, sovereign, socialist inspired social and economic progress, the US authorities, over several years, prepared, organized and finally [openly supported the violent coup attempt](#) of April 2018.

[Reparations and Other Scams: Israeli Survivors Live in Poverty and Are Starving?](#)

By [Philip Giraldi](#), July 06, 2020

Israel and Jewish groups were major [beneficiaries of the reparations](#) and restitution programs that were created as a result of World War Two. [The Luxembourg Agreement signed in 1952](#) committed West Germany to pay Israel a sum of 3 billion [Deutsche Marks](#) over the next fourteen years, which was at the time an enormous sum. An additional 450 million marks were paid to the World Jewish Congress. The payments that were made to the State of Israel regarded the government as the de facto heir to war victims who had no surviving family or who could not otherwise be identified. The money was mostly invested in the Israeli infrastructure and was significant in aiding in the initial development of the [economy of the new state](#), but there were also considerable barter arrangements whereby Israel purchasing agents obtained German manufactured goods and raw materials.

[Are the Democrats a Political Party or a CIA-Backed Fifth Column?](#)

By [Mike Whitney](#), July 06, 2020

The protests are largely a diversion aimed at shifting the public's attention to a racialized narrative that obfuscates the widening inequality chasm (created by the Democrats biggest donors, the Giant Corporations and Wall Street) to historic antagonisms that have clearly diminished over time. (Racism ain't what it used to be.) The Democrats are resolved to set the agenda by deciding what issues "will and will not" be covered over the course of the campaign. And- since race is an issue on which they feel they can energize their base by propping-up outdated stereotypes of conservatives as ignorant bigots incapable of rational thought- the Dems are using their media clout to make race the main topic of debate. In short, the Democrats have settled on a strategy for quashing the emerging populist revolt that swept Trump into the White House in 2016 and derailed Hillary's ambitious grab for presidential power.

[Key US Ally Indicted for Organ Trade Murder Scheme. CIA Backed Kosovo President Hashim Thaci](#)

By [Nicolas J. S. Davies](#), July 06, 2020

In 2008 an international prosecutor, **Carla Del Ponte**, accused U.S.-backed **Prime Minister Hashim Thaci** of Kosovo of using the U.S. bombing campaign as cover to murder hundreds of people to sell their [internal organs](#) on the international transplant market. Del Ponte's charges seemed almost too ghoulish to be true. But on June 24th, Thaci, now President of Kosovo, and nine other former leaders of the CIA-backed Kosovo Liberation Army (KLA,) were finally indicted for these 20-year-old crimes by a special war crimes court at The Hague.

[LancetGate: "Scientific Corona Lies" and Big Pharma Corruption. Hydroxychloroquine versus Gilead's Remdesivir](#)

By [Prof Michel Chossudovsky](#), July 05, 2020

There is an ongoing battle to suppress **Hydroxychloroquine (HCQ)**, a cheap and effective drug for the treatment of Covid-19. The campaign against HCQ is carried out through slanderous political statements, media smears, not to mention an authoritative peer reviewed “evaluation” published on May 22nd by **The Lancet**, which was based on fake figures and test trials.

The study was allegedly based on data analysis of **96,032 patients** hospitalized with COVID-19 between Dec 20, 2019, and April 14, 2020 from **671 hospitals** Worldwide. The database had been fabricated. The objective was to kill the **Hydroxychloroquine (HCQ)** cure on behalf of Big Pharma.

[Is Washington Provoking India into a War with China?](#)

By [F. William Engdahl](#), July 05, 2020

US **Secretary of State Mike Pompeo** in a recent video conference suggested that the US might move some of its troops from Germany to the region around India, citing growing US security concerns in the Asian region. Given the dramatic rise in tensions between India and China over disputed borders in the region of Nepal and Bhutan where several soldiers from both sides reportedly died in hand-to-hand combat, the question is whether Washington is deliberately trying to fan fires of war between the two Asian giant powers. As unlikely as that might be at present, it indicates how unstable our world is becoming amid the ‘coronavirus economic depression’, and the perceived power vacuum of a US in retreat.

[“No One Has Died from the Coronavirus”](#)

By [Rosemary Frei](#) and [Patrick Corbett](#), July 03, 2020

A high-profile European pathologist is reporting that he and his colleagues across Europe have not found any evidence of any deaths from the novel coronavirus on that continent.

Dr. Stoian Alexov called the World Health Organization (WHO) a “criminal medical organization” for creating worldwide fear and chaos without providing objectively verifiable proof of a pandemic.
