## [U.S. Foreign Policy and the Campaign to Destabilize the Trump Presidency](#)

By [Prof Michel Chossudovsky](#), January 04 2017

The unspoken truth pertaining to Obama's Executive Order is that the punishment was intended for Trump rather than Putin. The objective is not to "Box-In" the president-elect for his "unfamiliarity with the role of intelligence". The strategy is to delegitimize Donald Trump by accusing him of high treason.

## [Political Insanity: Outgoing President Obama's "Operation Atlantic Resolve" against Russia: US Sends 3,600 Tanks Against Russia - Massive NATO Deployment Underway](#)

By [Donbass International News Agency](#) and [Prof Michel Chossudovsky](#), January 05 2017

As we recall Obama on December 29th "ordered a series of retaliatory steps against Russia". Is this a "fast-track" procedure on the part of the outgoing president, with the support of US intelligence to create chaos prior to the inception of the Trump administration on January 20th? According to Donbass International News Agency Service, "A Massive US military deployment should be ready by January 20." Political Insanity prevails.

## [India, From the Destabilization of Agriculture to Demonetization, "Made in America"](#)

By [Colin Todhunter](#), January 05 2017

A version of the following piece was originally published in June 2016. However, since then, India's PM Narendra Modi has embarked on a 'demonetisation' policy, which saw around 85 percent of India's bank notes becoming invalid overnight. Emerging evidence indicates that demonetisation was not done to curb corruption, 'black money' or terrorism, the reasons

originally given.

## [Fukushima Radiation Looms. No Nuclear Power Plant On Planet Earth! “The Incompatibility of Radiation with Human Life”](#)

By [Eiichiro Ochiai](#), January 05 2017

The Fukushima nuclear power plant accident in Japan six years ago has not been fixed. It is becoming increasingly evident that it is difficult to fix it, as three reactors’ nuclear fuel rods were melted; there is no precedence for such a disaster in human history. The health effects of radioactive material released are becoming significant day by day. Unfortunately, its reality has been covered up by the Japanese government.

## [Britain’s Role in Rwanda’s 1994 Genocide](#)

By [Mark Curtis](#), January 05 2017

An edited extract from *Web of Deceit: Britain’s Real Role in the World*: In the hundreds of media articles on the 1994 Rwanda genocide, there is barely a mention of Britain being a permanent member of the UN security council and in any way responsible for what happened. I recounted Britain’s role in my previous book, *The Great Deception*, so I will not repeat everything here. Since then, however, another book, by Linda Melvern, an investigative journalist, confirms the quite terrible British, and US, role.

## [The History of the CIA](#)

By [Dr. P. Wilkinson](#), January 05 2017

Douglas Valentine’s latest book, *The CIA as organised crime*, is not new. Nor is it intended to be. This book attempts something very difficult: compressing the essentials of nearly 30 years of intensive research, insight and implicit social theory into a volume accessible to readers with rapidly deteriorating attention spans who have been conditioned to what I would call “journalism as pornography”.
