[The Pentagon's Law of War Manual: A Guidebook for Violating International and Domestic Law](#)

By [Tom Carter](#), November 03 2015

The new US Department of Defense Law of War Manual is essentially a guidebook for violating international and domestic law and committing war crimes. Transition seems to become a propaganda indoctrinated fait accompli.

[America: The Punishment Society. “Violence is the Defining Hallmark of the US”](#)

By [Dr. Paul Craig Roberts](#), November 03 2015

Once upon a time, a dental or medical exam was an opportunity to read a book. No more. The TV blares. It was talking heads discussing whether a football player had been sufficiently punished. The offense was unclear. The question was whether the lashes were sufficient. It brought to mind that punishment has become a primary feature of American, indeed Western, society.
