Dear Readers,

More than ever, Global Research needs your support. Our task as an independent media is to “Battle the Lie”.

“Lying” in mainstream journalism has become the “new normal”: mainstream journalists are pressured to comply. Some journalists refuse.

Lies, distortions and omissions are part of a multibillion dollar propaganda operation which sustains the “war narrative”.

While “Truth” is a powerful instrument, “the Lie” is generously funded by the lobby groups and corporate charities. And that is why we need the support of our readers.

America's hegemonic project in the post 9/11 era is the "Globalization of War" whereby the U.S.-NATO military machine -coupled with covert intelligence operations, economic sanctions and the thrust of "regime change"— is deployed in all major regions of the world. The threat of pre-emptive nuclear war is also used to black-mail countries into submission.

By [Junaid S. Ahmad](#) and [Zehra Yilmaz](#), June 02, 2018

The world just witnessed the unashamed assault and massacre of nonviolent Palestinian Gazans protesting the grotesquely named 'border fence' - **in reality, a barbaric cage that contains and controls the world's largest open air prison** and its Palestinian inmates. It is, what the Israeli sociologist Baruch Goldstein called the world's largest concentration camp - not mincing his words, despite how provocatively that sounds to those who know the horror of that term in the context of the Holocaust.

[America is In a Debt Trap Death Spiral](#)

By [F. William Engdahl](#), June 02, 2018

The US economy and its financial structures have never recovered from the great financial meltdown of 2008 despite the passage of ten years. Little discussion has been given to the fact that the Republican Congress last year abandoned the process of mandatory budget cuts or automatic sequestration that had been voted in a feeble attempt to rein in the dramatic rise in US government debt.
