[Provoking Nuclear War by Media](#)

By [John Pilger](#), August 23 2016

The exoneration of a man accused of the worst of crimes, genocide, made no headlines. Neither the BBC nor CNN covered it. The Guardian allowed a brief commentary. Such a rare official admission was buried or suppressed, understandably. It would explain too much about how the rulers of the world rule. The International Court of Justice (ICJ) in The Hague has quietly cleared the late Serbian president, Slobodan Milosevic, of war crimes committed during the 1992-95 Bosnian war, including the massacre at Srebrenica.

[Dangerous Crossroads: U.S. Invades Syria, And Warns Russia...](#)

By [Eric Zuesse](#), August 23 2016

Washington — which demands the overthrow of the internationally-recognized legal government of Syria — officially announced that America's military forces in Syria will continue to occupy Syrian land, no matter what the Syrian government says, and will shoot down any Syrian planes that fly over U.S. forces.

[Imperial Lawlessness](#)

By [Mark Taliano](#), August 23 2016

The dirty war on Syria will be settled on the battlefield. International law is broken. Powerful nations continue to enjoy impunity for their crimes, and they have no reason to expect that they will be prosecuted. The credibly accused war criminals responsible for war crimes against countries that include Iraq, Libya, and now Syria, will not be prosecuted. International law is selective, and the powerful nations know this. They are repeat offenders, and their impunity emboldens them.

[War-Waging in Jeopardy? The Desperation of the US Elite and the Return of Henry Kissinger](#)

By [Umberto Pascali](#), August 22 2016

The top Anglo-American elite appears very, very worried that the Neocons (Bush/Clinton) will fail again in stopping, or even slowing down, Russia. They are more and more weary of the impotent Rambo war-cries of the left and right Neocons who are hysterically perched around Hillary Clinton. The Anglo-American elite is trying to find a way out and, oblivious of showing their desperation, is trying to resurrect their loyal lackey Henry Kissinger. Instead of the [ineffective threats of the Clintonites](#) (see Ashton Carter, John Allen, Leon Panetta, Michael Morell, etc.), this elites try to go back to the soft spider poison strategy used by Kissinger in the 70s.

[Crimea, Georgia and “The New Olympic Sport”: Russia Bashing. The Fantasy of Vladimir Putin as “Vlad the Terrible” Ratchets Up...](#)

By [Felicity Arbuthnot](#), August 22 2016

As the fantasy of Vladimir Putin as “Vlad the Terrible” ratchets up in the US-UK-NATO driven new Cold War, the Independent runs a piece headed: “What lies behind the new Russian threat to Ukraine”, the sub-heading is: “Vladimir Putin, his opponents repeatedly point out, has form on this. The war between Russia and Georgia took place in 2008 at the time of the Beijing Olympics”. Trying to find the “Russian threat to the Ukraine” is, as ever, a hard task.

[Brewing Collapse of the Western Monetary System? German Government Warns of an Upcoming Catastrophe, Tags Russia as an “Enemy Nation”](#)

By [Peter Koenig](#), August 23 2016

Germany has just warned its citizens of an upcoming catastrophe and urged them to stockpile food, water and money for at least 10 days, to be autonomous and independent until the government has caught up putting the necessary public safety systems in place – in case of a ‘catastrophe’. There was no mention on the type of disaster awaiting them. A war, an economic and or monetary collapse, or both? – The warning was later downplayed as part of a ‘routine exercise’ in Germany’s new defense strategy.
