By [Ben Bartee](#), August 14, 2023

In a recently unearthed video of the College of Global Public Health Center for Bioethics at New York University Director, Dr. [Matthew Liao](#), speaking at the 2016 World Science Festival, he openly advocates artificially inducing a red meat allergy in the entire human population, using an analog of the alpha-gal molecule found in the Lone Star Tick that [I have documented previously at Armageddon Prose](#), so as to fight “climate change.”

At every stage of its proceedings against Julian Assange, the US Imperium has shown little by way of tempering its vengeful impulses. The WikiLeaks publisher, in uncovering the sordid, operational details of a global military power, would always have to pay.

[Moral Culpability Among the Oppressed and a New Look at the Tragedy of Orwell's 1984](#)

By [Dr. Emanuel Garcia](#), August 14, 2023

I have no idea whether or not it is fashionable in literary circles to criticize the two protagonists of George Orwell's 1984, Winston and Julia. After all, they inhabit a world governed by a perverse and despicable elite who have achieved virtually complete control over the thoughts and actions of their subjects — a world not far removed from the one that is being thrust upon us as I write.

[“Struggling with the Old Enemies of Peace”](#)

By [Emanuel Pastreich](#), August 14, 2023

We have to struggle with the old enemies of peace: business and financial monopoly, speculation, reckless banking, race antagonism whipped by hidden operatives, the exploitation of tensions between cities and rural communities, and of course, the old favorite, war profiteering.

[The Illusion of Scandal: How Washington Is Attempting to Dismiss \\$20 Million as an Illusion](#)

By [Jonathan Turley](#), August 14, 2023

I previously [wrote a column](#) marveling at the success of the Bidens in pulling off one of the neatest tricks in political history. I analogized it to how Houdini used to make his 10,000-pound elephant Jennie disappear on a stage in front of a live audience. The media and political establishment is now striving to top that performance by declaring \$20 million in payments to Biden family members as an “illusion” of influence. At the heart of this scandal is the BFF, the Biden Family Fund.

[As Maui Burns, Biden Demands Another \\$24 Billion...For Ukraine!](#)

By [Rep. Ron Paul](#), August 14, 2023

It's hard to look at recent footage of the devastation in Maui and then hear President Biden tell Congress that he needs another \$24 billion for Ukraine. How can this Administration continue to justify tens of billions of dollars for this losing war that is not in our interest while the rest of the United States disintegrates?

[Kyrgyzstan Is the US' Next Regime Change Target](#)

By [Andrew Korybko](#), August 14, 2023

What Senator Menendez demands is nothing short of a soft coup brought about by voluntarily reversing Kyrgyzstan's recent “Democratic Security” successes under the Damocles' sword of “security and economic” consequences if it dares to refuse.
