By [Eric Zuesse](#), December 21, 2022

In order to be able accurately to define “victory” in the war in Ukraine, the pre-requisite is to define whom the two sides are that wage this war. For example: when America fought in WW II, it was waging war in foreign battlefields and with its own troops and weapons, and even if America were to win in any of those battlefields, it still could have been defeated in WW II simply by Hitler’s winning WW II.
