[The Rise and Fall of the Great Reset — Professor Arthur Noble](#)

By [Rodney Atkinson](#), October 19, 2022

The brainless leaders of the West have fallen headlong for the concealed totalitarianism of Klaus Schwab's global takeover agenda. Only the word 'world' in the disingenuous description 'World Economic Forum' (WEF) is accurate but was clearly designed to present Schwab's criminal global and globalist intentions in a deceptively positive light.

[Think Twice Before Calling the Cops: The Deadly Cost of Police Welfare Checks](#)

By [John W. Whitehead](#) and [Nisha Whitehead](#), October 19, 2022

Think twice before you call the cops to carry out a welfare check on a loved one. Especially if you value that person's life. Particularly if that person is disabled, mentally ill, elderly, autistic, hearing impaired, suffering from dementia, or might have a condition that hinders their ability to understand, communicate or immediately comply with an order.

[What Is the EU?](#)

By [Dr. Vladislav B. Sotirović](#), October 19, 2022

The need to unite Europe grew understandably out of the devastation left behind after two catastrophic world wars. There is clear evidence, both in the successive European treaties themselves and in pronouncements by the would-be designers of Europe, that the European Union was intended from the outset as a gigantic confidence trick that would eventually hurtle the nations of Europe into economic, social, political, and religious union whether they liked it or not.

[V-Safe Database Confirms COVID Jab Hazards](#)

By [Dr. Joseph Mercola](#), October 19, 2022

V-Safe, a database managed and monitored by the U.S. Centers for Disease Control and Prevention, is a voluntary “after vaccination health checker” deployed to collect data on those who got the COVID jab. For the past 15 months, the Informed Consent Action Network (ICAN) have fought a legal battle to get the CDC to release the V-Safe data.

[Demonstrations in Support of Recent Coup in Burkina Faso](#)

By [Abayomi Azikiwe](#), October 19, 2022

There have been two military coups in the West African state of Burkina Faso since January as attacks by rebel groupings are fueling anxiety over national security concerns.

[America’s Diabolic Plan to Subjugate and Break Up Russia](#)

By [Chaitanya Davé](#), October 18, 2022

We in America are led to believe that the allied forces led by Dwight Eisenhower were major factors in the defeat of Hitler’s Nazi Germany. This is a blatant lie. It was Russia, who was mainly responsible for defeating Hitler’s Germany. Russia had lost 26 million soldiers in that war while America had lost 419,400. Russia was allied with Europe and America until the end of World War-II. Then how did Russia become the adversary and a foe?

[Decline and Fall of Western Civilization. Philip Giraldi](#)

By [Philip Giraldi](#), October 18, 2022

Europe will surely sink or swim in the upcoming year or two as soaring energy costs wreck economies and force major dislocations, a fate perhaps to be shared by a level of government debt and spending combined with a loss of any national purpose that will together initiate an irreversible decline in the United States.

[Organize Your Community in Response to the Global Assault. Partial Shutdown of the Economy, On the Edge of Nuclear War](#)

By [Emanuel Pastreich](#), October 18, 2022

The decision of the Russian Federation to annex the Donbas region of the Ukraine, combined with the decision of the Ukraine to apply for membership in NATO, and for elements in the United Nations and other intergovernmental organizations to support this haphazard, dangerous and thoughtless action, has brought us to the edge of nuclear war, or at least that it's the impression we are given.

[Time Magazine Is Right: Russia Isn't as Isolated as Some in the West May Like to Think](#)

By [Andrew Korybko](#), October 18, 2022

Far from being “isolated”, close to half of humanity refused to condemn Russia during the latest UN vote, while the overwhelmingly vast majority of the global population is represented by governments that have defied the Golden Billion’s illegal sanctions.

[Why Not Simply Abolish NATO?](#)

By [Prof Rodrigue Tremblay](#), October 18, 2022

As of now, it is a fact that the U.S. government and the American foreign affairs nomenclatura see NATO as an important tool of American foreign policy of intervention around the world. Since many American politicians do not anymore support de facto the United Nations as the supreme international organization devoted to maintaining peace in the world, a U.S.-controlled NATO would seem to be, in their eyes, a most attractive substitute to the United Nations for providing a legal front for their otherwise illegal offensive military undertakings around the world.
