[The Trump /Syria Conundrum: Will Trump Deliver Deep State's World War?](#)

By [Larry Chin](#), April 12 2017

In appearance, Trump's April 6, 2017 missile attack on Syria is the first step towards a regime change, a massive regional conquest, and possibly World War III. The event marked a point of no return for Trump's presidency. We have entered uncharted territory, with the future of humanity at stake.
