Global Research, September 26, 2018

Our objective is to recruit one thousand committed “volunteers” among our 50,000 Newsletter subscribers to support the distribution of Global Research articles (email lists, social media, crossposts).

*Do not send us money. Under [Plan A](#), we call upon our readers to donate **5 minutes a day to Global Research**.*

*Global Research **Volunteer Members** can contact us at crg.online@yahoo.com for consultations and guidelines.*

*If, however, you are pressed for time in the course of a busy day, consider [Plan B](#), **Consider Making a [Donation](#) and/or becoming a [Global Research Member](#)**.*

We consider the globalresearch.ca website our most important source of reliable news for a large range of issues, including health and the environment, analysis of international affairs, and economic analysis. We especially value its courageous coverage of state crimes against democracy, which are rarely covered by most news and analysis organization. We trust the site’s integrity and rely on it almost exclusively.

Speaking personally, I would be lost without the extraordinary information provided by globalresearch: I would not know where else to find it.
