[Brain Altering Drugs: The Drug-Induced Suicide of Robin Williams Two Years Later](#)

By [Dr. Gary G. Kohls](#), August 24 2016

55 years ago (July 2, 1961) an American literary icon, Ernest Hemingway, committed suicide at his beloved vacation retreat in Ketchum, Idaho. He had just flown to Ketchum after being discharged from a psychiatric ward at the Mayo Clinic in Rochester, MN where he had received a series of electroconvulsive “treatments” (ECT) for a life-long depression that had started after he had experienced the horrors of World War I. In the “War To End All Wars” he had been a non-combatant ambulance driver and stretcher-bearer.

Syrian land and airspace are sovereign state territory. No foreign power may deny its military or other aircraft from operating anywhere within its borders - or Russian planes and ground personnel invited by its government. America and its rogue partners operate illegally in Syria. On the phony pretext of combating ISIS, they’re waging war on its government, terror-bombing selected targets, using terrorists called “moderate rebels” as imperial foot soldiers on the ground.

Five years after the Pentagon and NATO destroyed the Libyan state under the leadership of Col. Muammar Gaddafi, the administration of President Barack Obama has once again launched a major offensive in its so-called “war on terrorism.” Department of Defense officials and the White House said that the aerial bombardments in the western

coastal areas around Sirte, the home area of Gaddafi, would last for 30 days.

[Aleppo Boy's Photographer: Ally of US-Supported Terrorists. Elaborately staged Hoax?](#)

By [Stephen Lendman](#), August 23 2016

New information on the Aleppo Boy story at the very least gives it the appearance of being an elaborately staged hoax. AP News broke the story. Off-guardian.org reported “of the three journalists credited, one was in Beirut, one in Geneva, and one in Moscow” – none in Aleppo or anywhere in Syria.

[Turkey Crosses into Syria: Unipolar Conspiracy or Multipolar Coordination?](#)

By [Andrew Korybko](#), August 24 2016

It's very fashionable nowadays for people to criticize the Kremlin for incompetency, and its recent history of controversial decisions coupled with the suspected liberal fifth-and-six-column infiltration of key national institutions gives plenty of ground for this, but sometimes people jump the gun, such as when accusing Russia of being 'duped' by Turkey. It's interesting that no such criticisms are publicly leveled against Iran despite Tehran bending over backwards to Ankara during and after the failed pro-US coup attempt against Erdogan, but double standards are the norm when people engage in diatribes, and it's always been the case that Russia has caught much more flak than anyone else whenever multipolar commentators critique their own camp.
