[Trump: America's Latest Warrior President, Surrenders to Wall Street and War Profiteers](#)

By [Stephen Lendman](#), February 23 2017

The hoped for antidote to Hillary appears no different when on policymaking - both subservient to monied interests at the expense of popular ones, both warriors, not peacemakers, both intolerant of challenges to America's hegemonic aims, both hostile to all sovereign independent states, a deplorable situation, a dangerous one risking possible nuclear war.

The ISIS is an instrument of US intelligence. it is not an autonomous force. The Combat UAV drones analyzed in this report were supplied to the ISIS by the Western military alliance and its Gulf partners. By [Sam Ben-Meir](#), February 24 2017

New York’s Museum of Modern Art is currently exhibiting Francis Picabia: Our Heads Are Round so Our Thoughts Can Change Direction, an exuberant and sometimes disquieting retrospective of an artist who consistently defied expectations. Marcel Duchamp said of Picabia: “[he was] a negator... whatever you said, he contradicted.” In an exhibit that spans over fifty years – which included work as a painter, poet and filmmaker – Picabia’s refusal of any fixed position is on full display, while his restlessness and eclecticism makes him seem oddly contemporary.
