[President-Elect Donald Trump and “The Deep State”: Vote Rigging by Both Sides... Key Appointments](#)

By [Peter Koenig](#), November 15 2016

The elections may have been rigged, probably by both sides, as the elusive elite, or what’s also called the ‘Deep State’, may be divided. It looks like the better ‘rigger’ emerged as the winner. The final popular vote count indicates a slight advantage of Hillary over Trump. Never mind, the system was purposefully designed un-democratically in the 18th Century by the Founding Fathers, who never really had the intention to create a truly democratic United States of America of equal rights for all.

[The Trump Administration’s “Alternative Right”: The Swamp Deepens...](#)

By [Tony Cartalucci](#), November 15 2016

The so-called “alternative right” is at least posing as holding its breath over the prospects of Bush-era Neo-Conservative John Bolton being appointed as US Secretary of State. However, with the appointment of Breitbart’s Steven Bannon as Chief Strategist and Senior Counselor of the incoming administration of President-elect Donald Trump, Bolton and his Neo-Conservative agenda already has a solid foot in the door.

[Trump’s \\$1 Trillion Infrastructure Plan: Another Privatization Firesale? Lincoln Had a Bolder Solution](#)

By [Ellen Brown](#), November 15 2016

He has promised real change, but his infrastructure plan appears to be just more of the same – privatizing public assets and delivering unearned profits to investors at the expense of the people. He needs to try something new; and for this he could look to Abraham Lincoln, whose bold solution was very similar to one now being considered in Europe: just print the money.
