[Trump Between War and Peace. Manlio Dinucci](#)

By [Manlio Dinucci](#), November 10, 2024

Trump had already met with Putin during his previous term in office, which is why he was the subject of the first impeachment attempt in the United States. Today, with the majority in Congress, there is a possibility that he will reopen a negotiating table with Putin to end the Russia-Ukraine war, in other words, the war that NATO is waging against Russia under US command.

[A Massacre Within a Massacre: Israel Is Exterminating Palestinians in Northern Gaza and Killing Palestinian Journalists Reporting on It](#)

By [Eva Bartlett](#), November 11, 2024

Over 180 media workers have been killed and 60 detained as Israel's methodical destruction of the brutalized Gaza Strip continues. The US and UN have given Israel free reign to methodically kill the population of northern Gaza Palestinians. This is a genocide within a genocide.

[Cuba, Buckle Up! Trump Elected US President](#)

By [Francisco Dominguez](#), November 11, 2024

Although Cuba has endured the longest comprehensive blockade of a nation in peace time (over six decades, so far), under Trump the pressure was substantially ratcheted up.

[Trump's Peace Plan: The Clock Is Ticking for Russia to Achieve Its Maximum Goals in the Ukrainian Conflict](#)

By [Andrew Korybko](#), November 10, 2024

Trump's reported plan for a Western/NATO peacekeeping mission in Ukraine places Russia in the dilemma of either preempting this with another large-scale nationwide offensive, targeting those forces after they enter at the risk of sparking World War III, or tacitly accepting this endgame.

[Why Trump Won- Why Harris and Democrats Lost. Some Likely Consequences](#)

By [Dr. Jack Rasmus](#), November 10, 2024

Trump believes that an increase in government revenue from raising tariffs and a big cut to social programs spending and deregulation will result in a major offset to US budget deficits, which rose last year to \$1.8 trillion and is currently running at a \$2 trillion estimate for 2025.

[Fertility Rate in England and Wales Falls to Lowest Level Since Records Began in 1938](#)

By [Sky News](#) and [Dr. William Makis](#), November 11, 2024

The fertility rate in England and Wales has fallen to the lowest level since records began, according to government data. The average total fertility rate (TFR) - the average number of children born to a woman over her lifetime - was 1.44 children per woman in 2023.

[Has Trump's Victory Sealed the Coffin of the "Bush-Clinton Era" Which Lasted Three Decades?](#)

By [Uriel Araujo](#), November 10, 2024

So much is being written now about Donald Trump's victory in the United States' presidential election. Few analyses however, if any, are paying attention to a remarkable development, namely the end of the Bush-Clinton era. You might have not paid much attention to it (in all likelihood, you never heard of it), but it started in the 1980's, and lasted all the way to 2016. Let us go back in time, then.
