[Video: US-NATO Supported Terrorism in Syria From Day One: Michel Chossudovsky](#)

By [Prof Michel Chossudovsky](#), February 03 2017

From Day One, the Islamist “freedom fighters” were supported, trained and equipped by NATO and Turkey’s High Command. This initiative, which was also supported by Saudi Arabia and Qatar, involved a process of organized recruitment of thousands of jihadist “freedom fighters”, reminiscent of the enlistment of Mujahideen to wage the CIA’s jihad (holy war) in the heyday of the Soviet-Afghan war: These mercenaries were subsequently integrated into US and allied sponsored terrorist organizations including Al Nusrah and ISIS.

[Trump's Policy on Ukraine, Could Lead to War with Russia?](#)

By [Stephen Lendman](#), February 03 2017

By [Bill Van Auken](#), February 03 2017

It is just two weeks since President Donald Trump was sworn into office after delivering an inaugural address proclaiming his policy of “America First” and vowing to defend the United States against “the ravages of other countries.” Any illusions that this policy spelled a turn away from the unending wars waged by the US over the past quarter of a century in favor of isolationism have been rapidly dispelled.
