[The Deadly Censorship of Ivermectin](#)

By [Dr. Joseph Mercola](#), July 12, 2021

As Weinstein rightly points out, if the WHO (or virtually every federal regulatory agency for that matter) has been captured and is being influenced by industry, in this case Big Pharma, and is itself putting out information that goes against medical science, then this is something that must be discussed and exposed. By [Dr. Meryl Nass](#), July 11, 2021

It is totally accurate while it gets down into the weeds about what the Pfizer-BioNTech data that were presented to FDA and its sister agencies in Europe and Japan show and don't show. Much of the information comes from a Japanese government release. FDA hid this information.

By [Dr. Peter McCullough](#) and [Taylor Hudak](#), July 11, 2021

Joining me today is **Dr. Peter McCullough**, here to discuss the COVID-19 vaccine push and how this agenda has overshadowed, whether by ignorance or dishonesty, the viable and efficacious alternative treatments that many experts have been trying to call attention to since the beginning of the COVID crisis.

[5G Microwave Neighborhoods Coming](#)

By [Alliance for Natural Health](#), July 11, 2021

The federal government has ensured that 5G can come to your neighborhood whether you like it or not. A recent rule change allows the telecoms industry to turn consenting private residences into cell towers, endangering the health of the neighborhood. The only way to fight back is to talk to neighbors who may be considering adding an antenna to their house to inform them of the facts that industry is conveniently leaving out.

[The Assassination of Jovenel Moïse](#)

By [Yves Engler](#), July 11, 2021

Backed by Washington and Ottawa, Moïse appears to have been killed by elements within his own violent PHTK political party. The well-organized operation was probably bankrolled by one of the country's light skinned oligarchs and almost certainly carried out with support from inside the government.

By [*Informed Choice Washington*](#), July 09, 2021

During this COVID-19 crisis, both the FDA and CDC have made decisions that have not been in the best interest of the population or individuals. By [*Peter Koenig*](#) and [*Dr. Dietrich Klinghardt*](#), July 09, 2021

The US CDC has only granted manufacturers of the mRNA-type inoculations temporary permissions to call them “experimental gene therapy”. They are not to be named vaccines. If governments, the media and the medical community at large does it anyway, they are lying to you.
