[Video: Why Does the US Support Israel? Michael Hudson and Ben Norton](#)

By [Prof Michael Hudson](#) and [Ben Norton](#), November 15, 2023

In this video today, I'm going to be explaining the geopolitical and economic reasons why Israel is such an important part of U.S. foreign policy and Washington's attempt to dominate not only the region of the Middle East, but really the entire world.

[Netanyahu: Israel Will Govern Gaza. Manlio Dinucci](#)

By [Manlio Dinucci](#), November 13, 2023

Netanyahu openly announced their plan: to take over Gaza by transforming it from Palestinian territory into Israeli territory. This is confirmed by the fact that the Israeli armed forces are not only massacring the Palestinian population but are making Gaza no longer inhabitable by Palestinians: in the northern part of the Strip they have already destroyed over 30% of all buildings.

[The Politics of Indefinite Detention in Australia](#)

By [Dr. Binoy Kampmark](#), November 16, 2023

The High Court of Australia is not known for its zealotry in protecting human rights, and certainly not when considering the persuasive pull of international law and conventions. The Australian Parliament is usually given a generous hand in making policies that tend to outrage such conventions, a freedom made that much easier by an absence of any bill of rights.

[We the Exploited: The U.S. Government Buys and Sells Its Citizens for Profit and Power](#)

By [John W. Whitehead](#) and [Nisha Whitehead](#), November 15, 2023

Americans have become easy prey for hackers, scammers, snitches, spies, and con artists. But don't be fooled into thinking the government is protecting you. To the contrary, the U.S. government is selling us (or rather, our data) to the highest bidders.

[Next Pandemic Propaganda: The “Big One,” Nipah, Ebola and Marburg, SARS1, Machupo, “Vampire Virus”, Disease X](#)

By [Dr. William Makis](#), November 15, 2023

Next Pandemic (“Disease X”) is coming very soon (my guess, within a few months). It will be blamed on “Climate Change”, causing a jump from animals to humans. The media is conditioning the public to expect something “exotic”, hence the stories of “vampire virus”, “new viruses discovered”, “Disease X” and so on.

[Pakistan’s Expulsion of Afghans Could Fuel New Refugee Crisis in Europe](#)

By [Ahmed Adel](#), November 15, 2023

Pakistan’s caretaker Interior Minister Sarfraz Bugti ordered on October 4 for “illegal immigrants” to vacate the country by the end of the month, a move which threatens to spark another migration crisis in Europe. Although Europe is focused on dealing with refugees from Ukraine and Palestine, it is naïve to the looming refugee crisis that Pakistan can cause if it goes ahead with the mass deportations of Afghans, many of whom fled Taliban rule.

[Is the Zionist Project Over? Applied Zionism Demonstrates Its Radical Extremism](#)

By [Prof. Anthony J. Hall](#), November 15, 2023

What a bitter irony that the Israeli aggressor has so flagrantly leaped over the line to enter and defile its own “Never Again” precaution. Former UK MP, George Galloway, understands the exact implications of this defilement. On 12 November he described as a Holocaust the obscenity of the spectacle of mass murder underway in Gaza.

[Genocide, Colonialism, Apartheid: UK Foreign Secretary James Cleverly Places Humanitarian Issues in Gaza a Priority](#)

By [Steven Sahiounie](#), November 15, 2023

The diplomatic community was shocked when US Secretary of State, Antony Blinken, claimed alongside Israeli PM Benjamin Netanyahu, "...I come as a Jew." This broke diplomatic rules and norms which prohibit interjecting yourself, and your personal culture, while representing a nation and its interests.

[Is the Financial Theft of the Ukraine War Over? "Corruption May be a Primary Driver of this War"](#)

By [Dr. Joseph Mercola](#), November 15, 2023

For years, Ukraine was recognized as one of the most, if not "the" most, corrupt nation in Europe. It held on to that reputation all the way up to the day Russia invaded in late February 2022, at which point media worldwide suddenly started rewriting history.

[The Intelligence Community's Latest Novelty: Spy Underwear, Puts Us Closer to the Totalitarian Dystopia Described in Science Fiction Novels](#)

By [Jeremy Kuzmarov](#), November 15, 2023

One of the entities receiving funding for development of the spy clothing is the [Massachusetts Institute of Technology](#) (MIT), whose faculty has also been involved in the [creation of insect-sized drones](#), and a [body-armor suit](#) giving soldiers powers straight out of a Marvel comic.
