[War Criminal Benjamin Netanyahu Addresses the US Congress](#)

By [Philip Giraldi](#), July 26, 2024

Polls have shown for months that more Americans disapprove than approve of the Israeli onslaught in Gaza, but Congress and the White House are not interested in the views of the public when they are on the receiving end of hundreds of millions of dollars in “donations” from Jewish billionaires.

[Bringing War Back Home: Vietnam and Siege Mentality. “Managing Chaos, Adventures in Alternative Media.” Greg Guma](#)

By [Greg Guma](#), July 26, 2024

It was March, 1968, and the US Senate had opened an investigation on the Tonkin Gulf Resolution, passed four years earlier. The resolution had given President Johnson a blank check to wage war in Vietnam, based on a trumped-up military incident. Half a million troops were mobilized as American leaders used communist fears and falling dominoes to rationalize a major invasion.

In the history book [Killing Hope: U.S. Military and CIA Interventions Since World War II](#), the late great author and journalist William Blum documented more than fifty documented incidences of military or covert U.S. interventions on countries around the world. The book shows that the aim of these many interventions, from Albania to Zaire being in service of democracies is hard to justify, especially as a large percentage of these displays of “the American Way” were actually used against democratic countries.

[Gen. Mark Milley: Robots to Imminently Replace Human Soldiers in U.S. Military](#)

By [Ben Bartee](#), July 26, 2024

As all military brass who have ascended to the highest ranks — which are political appointments, not meritocratic ones — tend to do, the pudgy careerist hack who cosplays as soldier, Gen. Mark Milley, former chairman of the Joint Chiefs of Staff, has been on a cash-grab bonanza since his “retirement” from “public service” last year.

On July 23 the UN Envoy for Yemen Hans Grundberg informed the Security Council that recent developments in the Red Sea, Israel and inside Yemen “show the real danger of a devastating region-wide escalation.” This statement was made in the context of Israel’s air strike on Yemen and the preceding strikes by the Houthi rebels against Israel and ships in the Red Sea.

[Ukrainian People Open to Recognize Russian New Territories](#)

By [Lucas Leiroz de Almeida](#), July 26, 2024

Contrary to what Ukrainian state propaganda claims, people are really tired of war and ready for any kind of concessions to end hostilities as soon as possible. According to a recent survey, the number of Ukrainians willing to recognize the Russian New Territories is increasing exponentially, which shows the high level of dissatisfaction with the government’s pro-war measures.

[Netanyahu: A Standing Ovation](#)

By [Danaka Katovich](#), July 26, 2024

The architect of the genocide against the Palestinian people walked in and out of the “people’s house” to a standing ovation. He was given more time with our lawmakers than any of us will ever get in our lifetime and he used it to insist he was a good man that was commanding a moral army — insisting they have not killed anyone who did not deserve to have their life ended in the blink of an eye.
