By [Mike Whitney](#), June 09, 2022

It’s true. The “full faith and credit” of the US Treasury is largely a myth held together by an institutional framework that rests on a foundation of pure sand. In fact, the USD is not worth the paper it is printed on; it is an IOU flailing in an ocean of red ink.

[Scientism, Not Science, Rules the Roost](#)

By [Dr. Joseph Mercola](#), June 09, 2022

Science has long been regarded as a stronghold of logic and reason. Scientists don't draw conclusions based on emotions, feelings or sheer faith. It's all about building a body of reproducible evidence. Well, that's what it used to be, but as technocracy and transhumanism have risen to the fore, it has brought with it its own form of science — "scientism" — which is basically the religion of science.

[Biden Works to Prolong Ukraine War: Craig Murray](#)

By [Craig Murray](#), June 09, 2022

I was in Turkey to try to further peace talks, as an experienced diplomat with good contacts there, and as a peace activist. I was not there as a journalist and much of what I discussed was with the understanding of confidence. It will probably be some years before I judge it reasonable and fair to reveal all that I know. But I can give some outline.

[For the Peoples of Our Region, the Failure of Biden’s Summit of the Americas Would be a Welcome Event](#)

By [Ajamu Baraka](#), June 09, 2022

The Summit of the Americas is not the property of the host nation. The U.S. has no right to exclude, Cuba, Nicaragua and Venezuela, but has done so in disregard of their sovereignty. The U.S. is not fit to judge others or to be responsible for bringing nations together. Every leader in the hemisphere should boycott what has become a farcical event.

[The US Is at War with Itself](#)

By [Michael Jansen](#), June 09, 2022

US citizens will not come to grips with the growing epidemic of mass shootings, almost all by young men wielding assault rifles. Self-interest prompts US politicians to refuse to address mass and multiple shootings while the public is divided by conflicting, politically-motivated narratives. Last weekend, there were 17 fatalities in 10 multiple shootings across the country.
