[Israel, the World Court, and the Conscience of Humanity Are All on Trial at The Hague](#)

By [Prof. Anthony J. Hall](#), January 22, 2024

I don't think its an overstatement to observe that the future of the world is hanging in the balance as 15 World Court judges at the Hague deliberate over the contending legal submissions made by the governments of Israel and South Africa. At this preliminary stage the core contention comes down to the question of whether or not it is "plausible" that the Genocide Convention is being violated in the course of the Gaza Massacre.

When one hears and sees Israel's Prime Minister Netanyahu, declaring the absolute supremacy of his Zionist tribe and its goals of 'taking back' the State of Israel – via the slaughter of any and all Palestinian 'animals' whose home land is the Gaza Strip – one is confronting face to face, a clinically insane individual whose medical condition, if it were to be officially assessed, would be described as 'psychopath'.
